Great to see the boys' classrooms and meet their teachers. Thank you!

It was a great opportunity to meet the teachers and hear a little about the learning/their approaches and the year ahead. Really informative but in a very relaxed way.

Class visits for 20 minutes maybe a little too short. Information very informative but we had to leave p4 slightly before it was finished because the bell rang and we had to go to p1 straight after.

Would be good to have more time for questions and discussion

Very useful evening. It was lovely to see the classroom. A huge effort had been made by the teacher to get children's work and photos on the wall already so it was really nice to see these, very reassuring to see that my child had settled and was engaging in activities. Thank you.

Thank you. Very informative evening.

Great opportunity to meet class teacher, see the classroom and find out a bit about what they will be learning etc.

The session was good and informative but felt rushed. The slot time seemed too short for the amount of information being shared.

The most helpful part is translating, into layman's terms, how parents can best support learning at home. That was particularly useful. Thanks to all the staff taking the time in the evening for this!

We felt it was excellent to have this opportunity so early in the school year to see the classroom and meet our child's new teacher. It really helps allow more informed conversations with our child about how their days and weeks are going. We'd welcome this format in future years too.

Thank you for arranging this as an evening event and I'm very grateful for the teachers being willing to make that happen. It was so helpful to be able to come after work.

Great thanks, very helpful to meet the teacher and see the classroom. Maybe a 5 minute gap between sessions would be useful to get people in and out so they get the full benefit of their time slot. Also maybe a quick intro of parents/carers and who their child is so we can put faces to names
