

**Cross Arthurlie Primary School  
Head Teacher's report  
3<sup>rd</sup> November 2020**

**Staffing**

An additional PSA has been appointed to support recovery. Miss Watson will be working across P3 & 4 at the moment.

**Budget**

We are using our resources to ensure that we are able to support learning in school and at home. We have a number of new Chrome Books, purchased by ERC, which we were able to allocate to children who were recently working from home due to self-isolation when not being used at home these are ring-fenced for children who are receiving additional support .

**Nursery**

The nursery is making good progress and we have a provisional date for being fully open. Obviously lots of factors can effect this but it's great to have a date.

**COVID latest**

As you will be aware there are new restrictions in place. Staff are wearing face coverings when they can't maintain 2m distancing and in corridors and high density areas. Parents are also now required to wear face coverings at pick up and drop off.

**Chair and Vice Chair**

It has been a strange year and I wanted to formally record my thanks to all of the office bearers who have served the school so well, we thanked the P7 parents at the end of last year and tonight we give a huge thanks to Lorna and Julie for their commitment and dedication to supporting Cross Arthurlie's children and their families over the past 10 and 11 years.
