Kerr Miller & Alice Chisholm

Kerr Miller

Kerr received the Diana Award for volunteering. He regularly devotes his free time to working with his local church group, assisting with youth camps and raising money for the PNH Scotland Charity (Paroxysmal Nocturnal Haemoglobinuria).

He has maturity beyond his years and is fully deserving of this award.

Alice Chisholm

Alice was nominated in the category of volunteering. In school Alice gives up her lunchtimes and free time before school to assist in the school library. She has established a nurturing, safe environment for young people who otherwise would struggle to find their place in a large secondary school but who all share a love of books. In the community, Alice has also volunteered with community libraries during school holidays.
