

**A Truly
Remarkable
Victory Leaves
S2 Girls in
Shock**

**Castlehead High
4 vs 16**

The S2 netball team certainly didn't have the strongest of starts in the Scottish Cup tournament this year, but this game definitely took us all by surprise.

Eastwood managed to begin with the first centre-pass and had an excellent start, managing to get a couple of goals in and successfully defending their opposing team, leaving the score at 4-1 (to EHS) at the end of the first-quarter.

Castlehead picked up their game in the second-quarter, scoring two more goals and Eastwood scoring one. The game play had improved in this quarter but we found a harder game ahead.

"That's the best I've ever seen you play!" - Miss Watt

NETBALL NEWS

At half-time, the girls had a team-talk allowing them to stay motivated and took feedback from one another and their coach, Miss Watt so that improvement could be made.

Eastwood came back fighting in the third-quarter with the score at the end being 7-4 to them. This was a result of loopy passes played by Castlehead which were easily intercepted and the chance of getting the ball into the circle and scoring more goals increased.

As the fourth-quarter began, Eastwood began to have a hope of winning, but at the same time, still tried their best as very strong play came from both teams who managed to intercept the ball, but also had some unlucky shooting attempts.

Eastwood scored many goals, coming from the

shooters Alex Cuthbertson and Disha Yadav who closed the game with winning an incredible 16-4.

Well done Second Year!

Miss Watt was exceptionally pleased and said: "There was a good and positive mood before the game began" and "(I am) Proud of them all and they played very well and supported each other throughout the whole game and kept doing well."

Keep it up Eastwood
