

SQA Qualifications 2020

Given the cancellation of this year's SQA exams, arrangements are in place to assess and certificate pupils' performance. It is important to be absolutely clear that **our schools will do their best to ensure that the hard work of all our young people is rightly and fairly recognised.**

This year, your teachers are providing **refined** estimate bands. These are very different from previous years as these **refined** bands will be used by the SQA along with a broad range of information to make final decisions about qualifications.

The estimates are therefore an active part of the awarding process and **cannot be shared** before SQA have made their final decisions.

All candidates are being encouraged to [**sign-up to MySQA**](#), the online and text service, as a direct way to receive your results.

Your SQA results will be delivered on 4 August.

After 4 August, your school will carefully consider your results and may request a review of the grade you have been awarded through SQA's appeals service.

Further information on these arrangements will be provided for learners, parents and carers on our website.

If you have any further queries at this stage then please contact your school directly who will be able to provide any additional advice needed.
