So far in this campaign, Marco Rubio is apparently out with 151 votes, Donald Trump is winning with 458 votes while Cruz is lagging behind with 359 votes.

Andrea stated, Donald Trump is the most controversial candidate.

Despite this he is still in the lead so far.

While Robyn commented, if Hilary Clinton is elected she will be the first female president and John Kasich could be the first Jewish president.

So far, the favourite for the Democrats is Hilary Clinton and for the Republicans is Donald Trump.

We look forward to hearing the final results in this important election.
