

*Giffnock Primary School celebrates.....
Anti Bullying Week
13th November to 17th November 2017
#respectmeans*

Dear Parent/Carers,

During Anti-Bullying Week we are asking adults and young people alike to get involved in a national conversation about what #respectmeans to them – encouraging them to show leadership against bullying and reflect on their own and others' behaviour. Respect is fundamental to all relationships – including online relationships – and it should be at the heart of how we treat each other.

We want to send the message that positive cultures based on respect prevent bullying and we can all make a difference.

Throughout the week we have planned a series of activities and discussions designed to provoke discussion and thought around this issue. Please see our activity menu for a whole school overview on our approaches for the week.

We look forward to sharing our views with you and hearing your thoughts on our work.
