Let's have A Sandy Day…

In your little Learning Together bag you will find some sand. You can use it for drawing, writing, making patterns and even drawing how you're feeling. And remember it's ok not to feel ok .

https://www.youtube.com/watch?v=UmrUV8v-KQg

If you don't have any sand you could use a tray of flour or rice. Keep it and use it again.

If you have a little extra sand and some other bits and bobs you could create a little mini land or picture.
