Today we are going to think about Spring.

Have you noticed any signs of Spring in your garden, out on a walk or from your window? Can you hear the birds singing in the mornings? I spotted these in my garden...Do you know what they are?

Have a listen to this lovely blossomy Spring story

Maybe you could make a little picture like the ones in the book? If you have white paint you could use your fingers to make the blossom? Or you could use chalk?

Have fun 😊
