

It's National Smile Month!

Smile

Monday 18th May 2020

Today is the start of National Smile Month 2020.

Why not have a go at drawing a big smiley mouth with lots of teeth in it?

Can you count your teeth and draw the right number?

Maybe you could put a big smiley mouth in your window beside your rainbow to make everyone smile!

Can you take a selfie of your own lovely smiley mouth and post it on Twitter with the following hashtags #SmileMonth or #DentalBuddy?

You will find a link on the website to a Dental Buddy powerpoint where you can find lots of interesting information.

Have fun and keep smiling 😊
