Contents

This pack is primarily aimed at parents, but there are some great activities, tips, and links for all. It is not an exhaustive list, but it is designed to give you ideas over the coming weeks to keep energies high and boredom low over the bank holiday weekends.

Managing the Holidays, Children, Family, and Workloads

Tips

Take time away from the people you are isolating with. Go for a run/bike ride/walk, read a book in another room, or take a bath.

Focus on your work/key tasks rather than the hours you are doing.

Mute social media apps if they become too much.

Plan your day and be mindful to take the pressure off yourself.

Be kind to yourself whether you have children or not.

If its possible – take holidays. At the end of the day or at weekends turn your laptop off and put it away. Give yourself a hard stop and don't feel guilty about it.

Recipe Corner

Muffins (12 small; 8 large)

- 140g sugar (granulated or castor; brown or white).
- 100g softened butter.
- Beat these two together until they are soft and creamy.
- 2 medium to large eggs – beaten together in a cup.
- Add these gradually to the sugar and butter – beating all the time. Do this very gradually.
- Next, beat in 100-120g of yoghurt (any yoghurt). If you have vanilla essence add a teaspoon here.

For Chocolate Muffin:

- Add 200g of plain flour combined with 50g of chocolate powder (anything from a good quality chocolate or drinking chocolate) and 1.5 teaspoon of baking powder.
- Add 100g of chopped chocolate of your choice – milk, dark, white, chocolate nibs, fudge, or a combination of any of these.

For Blueberry (or any other berry muffin):

- Add 250g of plain flour - with 1.5 teaspoons of baking powder.
- Add about 120g berries at the end.
- If your mixture is too thick, add a little drop of milk.
- Spoon the mixture into the muffin cases evenly (approx. 60g into a small muffin case; 100g into a large muffin case).
- Bake in a preheated oven 180c (170c for fan oven). Check after 10 minutes; rotate tray if they are not baking evenly; bake for another 5-6 minutes.

Butternut Squash Soup – with left-over fun for children

- 1 butternut squash roughly chopped. Discard the stalky ends; put the seeds to one side.
- 2 white onions roughly chopped.
- A thumbnail of fresh ginger – peeled and roughly chopped.
- 3 cloves of garlic – peeled and roughly chopped.
- 1 chilli (red for hot; green for milder) – seeds removed and roughly chopped.
- Gently fry everything on a low heat with a little oil – you don't want anything to brown, just soften which will bring out the flavours (or place in a roasting tray with a little oil; put in at about 150c for 30-40 minutes – keep an eye to make sure they don't brown).
- Now transfer ingredients into a large saucepan and cover with cold water. Add a vegetable stock cube. Bring to the boil slowly and then gently simmer for an hour and a half. You might have to top up the water.
- Once everything is nice and soft use whatever blender you have to blend to a silky smooth liquid. Season with salt and pepper to taste.
- This will last in the fridge for about 5 days.

For the children

- Take some of the seeds.
- Place in small seed pots (7.5cm) or a seed tray (nicely spaced – about 8cm apart) with some all-purpose or potting compost. sow them about 1.5cm deep. Place in a warm room with plenty of light. They will start to sprout within a week – very satisfying!
- These can then be transferred into bigger planter or out into the garden end May or early June.
