

Giffnock Primary School

Handbook 2021/22 Information for Parents

Introduction

Dear Parent/ Carer,

Welcome to Giffnock Primary School and Nursery Class. This handbook is written for all parents of children at or about to enrol as a pupil in either the nursery or school. It contains information about the school itself and the varied aspects of primary education and the nursery curriculum. We hope you will find it useful and informative.

We look forward to welcoming our new pupils and parents and aim to do all that we can to make sure that you and your children will enjoy being part of our school and thrive here.

We actively encourage partnership with parents and welcome your positive role in the education of your child. With your support we can work together to make sure your child gets the very best education available.

Our school website and Twitter feeds provide a comprehensive overview of school life at Giffnock Primary and we hope that you find the breadth of information there helpful. As appropriate, you are also welcome to arrange a visit to the school and we aim to make sure that any enquiries are dealt with promptly. Should you have any general questions, or indeed ones relating specifically to your own child, please call the school office where we will be happy to help.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Rob Lawson', with a stylized, cursive script.

Rob Lawson
Head Teacher

Contact Details

School Name: Giffnock Primary School
 Address: Academy Road
 Giffnock
 EAST RENFREWSHIRE G46 6JL
 Telephone Number: 0141 570 7180
 Email: schoolmail@giffnock.e-renfrew.sch.uk
 Website: <http://blogs.glowscotland.org.uk/er/Giffnock/>
 Twitter Primary: <https://twitter.com/giffnockprimary>
 Twitter Nursery: <https://twitter.com/GiffnockNursery>

Denominational Status: Multi-denominational – this means children of any religion /ethnic group may enrol

Co-educational Status: The school is co-educational

Associated Secondary School: Woodfarm High School

Stages Covered: Nursery and P1 – P7

Present Roll: 40 and 390

Head Teacher: Rob Lawson

Present Class Structure:	Nursery	-	40 pupils
	Primary 1a	-	24 pupils
	Primary 1b	-	33 pupils
	Primary 2a	-	24 pupils
	Primary 2b	-	25 pupils
	Primary 3a	-	29 pupils
	Primary 3b	-	28 pupils
	Primary 4a	-	25 pupils
	Primary 4b	-	22 pupils
	Primary 5a	-	28 pupils
	Primary 5b	-	28 pupils
	Primary 6a	-	29 pupils
	Primary 6b	-	30 pupils
	Primary 7a	-	33 pupils
	Primary 7b	-	32 pupils

Current School Working Capacity: 430

Parents should note that the working capacity of the school may vary dependent upon the number of pupils at each stage and the way in which classes are organised.

Nursery Groupings

The children are allocated to a particular group and key member of staff prior to, or as soon as, they start Nursery, so that they can immediately begin to build positive relationships. A wide range of experiences help to build foundations for successful learning. Learning in our nursery class is responsive to our children's interests and needs, with a wide range of learning activities across our playroom and outdoor spaces including construction, problem-solving activities, role-play, art & design activities, baking, gardening, modelling, woodwork, play on pedals, mud-kitchen activities and forest-based activities. Health & Wellbeing, Literacy and Numeracy are underlying themes for growing awareness across our children's learning activities.

How we promote learning in Nursery

Learning within our nursery is based upon play. Our staff take a positive leadership role in developing the children's interests, encouraging language development and organising the learning environment so that the children enjoy choice and meet progressive and engaging challenges.

It is important to encourage the development of a positive self-image so that a child may realise their full potential in later

life. Children gain confidence by succeeding at tasks, which are all carefully planned so that the children may be encouraged by success to try new and more difficult activities. For further details on our Nursery please click on this link [Giffnock Nursery Class Handbook](#)

Composite Classes

[Composite classes](#) are made up of children from more than one stage, e.g. P 4/5. At present we do not have any composite classes at Giffnock.

Teaching Staff

All teaching staff in Scotland work a maximum of 22.5 hours class contact time per week. Therefore, your child will also learn alongside other teachers as well as their usual 'class teacher' throughout each week. A comprehensive, fully updated list of staff is always available on our school website.

Communication

The school uses a wide range of communication to contact and inform parents/ carers of events, contexts for learning and other pertinent information. As well as the school website, a regular [newsletter](#) is shared. The newsletter details the work of the school as well as sharing important dates, holidays, and so forth. From time to time your children may receive a letter about a specific event. As an Eco-friendly school we encourage parents to sign up to our email service and receive communication electronically. Paper copies are available on request. We also use a text messaging service, which allows instant messages to your mobile phone, although we do try to limit this service to emergencies, such as school closure. A range of other forms of communication, for example our Twitter feeds, provide a breadth of information about school life throughout the session.

It is very rare for a school to close, however, if a decision was made for this to happen, the school would use the following communication to inform parents:

- SMS (Text Messaging)
- School website update
- Email
- Twitter

It is almost impossible to contact all parents/ carers individually by telephone; however, we have systems in place to contact individuals by text or email. For this reason we would ask that if you haven't already done so, you provide this information to the school office. The school telephone line may be very busy during such times, and other forms of communication should be checked first. The local authority's website page, along with Twitter and Facebook accounts, will also be updated on a regular basis, ensuring that you are well informed of any closure decisions. The local press and radio may also have information.

On rare occasions when the weather takes an unexpected turn for the worse, the safest place for your children is the school building until you can get here safely to collect them. Children will be supervised and released only when you, or an identified adult, collect them. A letter may be issued explaining the reasons for closure and indicating the methods by which they will be informed of the date for the reopening of the school. This letter may be provided by email or text and will be supported on the school and East Renfrewshire Council's website. Further information about severe weather can be found on our school website.

Often parents/ carers wish to discuss an issue face-to-face with a member of staff. An appointment can be made by calling the school office; in addition the school offers a weekly senior management drop-in on a Friday morning, between 9.00 a.m. and 9.30 a.m., where parents can come along and speak to a member of our Senior Leadership Team. At the current time an owing to Covid-19 related guidance, these drop-in sessions have temporarily been suspended.

We work hard to ensure that your child is happy, safe and learning; however, if you have a particular concern or complaint, then we will treat this with the utmost importance (for further information) [Giffnock Primary School Complaints Policy](#) or via the East Renfrewshire Council website [Make-a-complaint](#)

As a member of the parent/ carer forum you may wish to contact the Parent Council. They can be contacted via [Facebook](#), [Twitter](#) or email – giffnockpc@hotmail.co.uk

An annual 'Meet the Teacher' event takes place in September, allowing parents/ carers to visit their child's classroom and become more familiar with their learning environment. It also provides an opportunity for them to meet their teacher and view some of the resources the children will be using.

Parents/ carers and teacher meetings are organised on a twice yearly basis. These meetings usually take place in November and March and provide an opportunity to discuss learning progress. A formal report is issued in June.

In addition, your child, along with their classmates, will share their learning during our assemblies. Parents/ carers are invited to come along and form part of the audience. Assemblies usually take place on a Friday at 9.50a.m. The timetable for assemblies is updated each term (August, January and April). Details are added to the school website and an email is sent home.

Prospective parents/ carers are encouraged to view our school website, contact the school office for further information and/ or to arrange a tour of the building.

Attendance

Nursery

Parents/ carers should inform us if their child is likely to be absent from Nursery at any time. Attendance information is recorded and passed on to the primary school as part of the transition record.

If your child is having problems in attending regularly we will be happy to discuss any difficulty that you may have. If you move from the area, please find the time to let us know that your child will no longer require their place.

Attendance at School

Section 30 of the 1980 Education Act lays a duty on every parent of a child of 'school age' to ensure that their child attends school regularly. Attendance must be recorded twice a day, morning and afternoon, and absence from school will be recorded in the school register as authorised or unauthorised (as defined by the Scottish Executive).

If your child is ill, and unable to attend school, **please telephone the school office between 8.45 a.m. and 9.30 a.m.** every day that they are ill in order that we keep our records up to date. The school office will pass a message onto your child's teacher who will record the absence. **If we have had no information about your child by 9.30 a.m. the school office will contact you. For this reason, please ensure that any contact details are up to date.**

Family Holidays during Term Time

Every effort should be made to avoid family holidays during term time as this both disrupts the child's education and reduces learning time. Parents/ carers should inform the school by letter of the dates before going on holiday.

Absences will be classified as authorised only in exceptional circumstances. Such circumstances may include:

- A family holiday judged to be important to the well-being and cohesion of the family, following serious or terminal illness, bereavement or other traumatic events.

A family holiday classified under the 'authorised absence' category will not include such reasons as:

- The availability of cheap holidays
- The availability of desired accommodation
- Poor weather experience during school holidays
- Holidays which overlap the beginning and end of term
- Parental difficulty obtaining leave (except in cases where evidence is provided by the employer that it cannot accommodate leave during school holidays without serious consequences)

Family holidays with the above similar characteristics will be classified as unauthorised absence. Where the Head Teacher's prior agreement has not been sought, the absence will automatically be classed as unauthorised.

Extended Leave with Parental Consent

Where most family holidays will be recorded as unauthorised absence (see above), extended leave with parental consent will not be considered the same as a family holiday. Leave in such circumstances will be authorised under circumstances such as:

- Extended overseas educational trips not organised by the school
- Short-term parental placement abroad
- Family returning to its country of origin (to care for a relative, or for cultural reasons)
- Leave in relation to the children of travelling families
- Exceptional Domestic Circumstances

Parents may request permission for such leave in writing and the school may authorise.

We follow local authority and Government guidance for attendance, further details for which can be found at:-

[Government guidance for attendance](#)

At Giffnock we put a great deal of emphasis on attendance at school. The authority and the school support excellence in attendance in various ways, monitor closely the attendance of all pupils and inform parents when concerns emerge.

Parental Involvement and Engagement

At Giffnock, we understand the great significance of parental engagement in our children's learning and we know that they will always learn most successfully when school and home work effectively together. A wide range of information is available through the Parent Section of our [school website](#).

We also use a range of methods throughout the year to find out your views, including questionnaires, audits, parent drop-ins and comment boards. Your views are most welcome and help us prioritise improvements for our School Improvement Plan; a current Family Friendly School Improvement Plan can be found at:

[Family Friendly School Improvement Plan](#)

Supporting Learning at Home

As a parent/ carer you make an enormous difference to your child's education. By working in partnership between home and school, your child can achieve more.

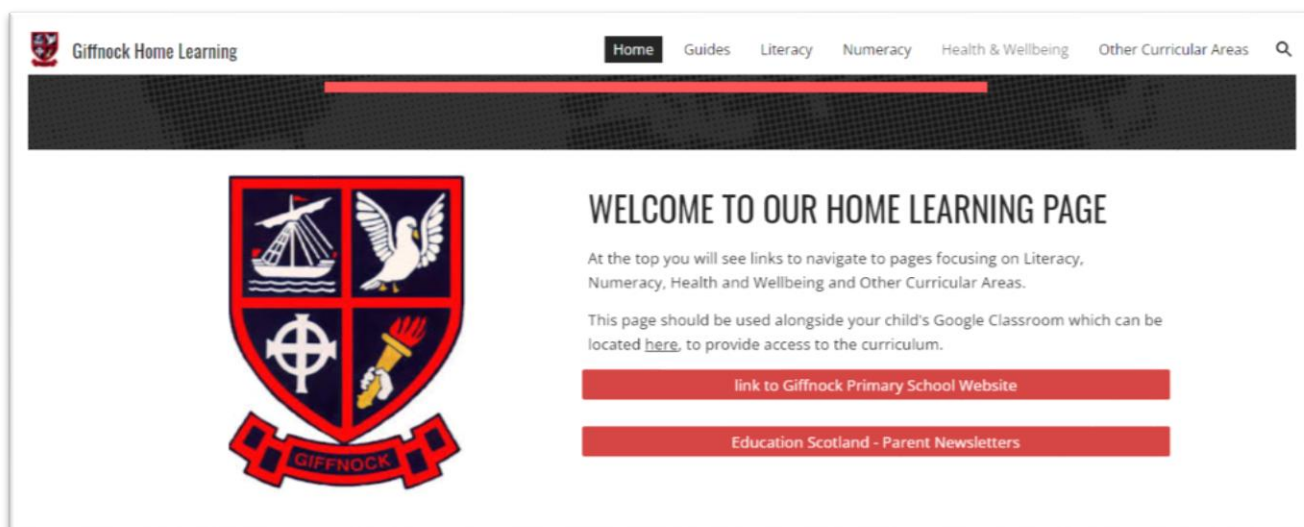

By sharing an interest in their homework and talking to your child about it, you will support their learning greatly. With your encouragement and support, your child will find it easier to create positive life-long learning habits and further develop skills as an independent learner.

Further information on our school guidelines can be found at:

[Homework at Giffnock Primary school](#)

We have also added a variety of activities which can be undertaken with your child on our Home Learning page of our school website at

[Home Learning Giffnock Primary School](#)

Home/ School Partnership

Our Scottish, national curriculum, a 'Curriculum for Excellence', is designed to provide our children with knowledge and skills for learning, life and work. From time to time the school welcomes parents/ carers along to interactive workshops to find out about how they can support their children's learning and to inform them on the content of the curriculum. In nursery we encourage parents to regularly add their ideas for contexts for learning. Our learning boards are found outside the nursery class.

We also have a host of parents/ carers who share their skills and expertise with pupils in the classroom, assist on school trips, run after school clubs, help shape school policy, and so on. Social events at the school are very well attended and we encourage our children and families to be as actively engaged as possible.

Regular newsletters are sent home to inform parents of forth-coming events, to report on activities that have taken place and to celebrate the achievements of our pupils.

Parents are welcome to discuss their child's learning, either by telephone or in person.

Parental representation

Our [Parent Council](#) plays an especially active and collaborative part in school life. Members meet on a regular basis and discuss school policy, performance and improvements. They have a specific role to support the school and represent the views of the wider parent forum. To do so, they often issue their own questionnaires, survey opinion in the playground, add a [Facebook](#) or [Twitter](#) link and/ or invite guest speakers to a meeting.

The Parent Council also leads fundraising for the school through the Parent Fundraising Sub-committee and supports a range of activities for all children. Further information on Parent Councils and school involvement can be found online via Parentzone Scotland at:

[Parentzone Scotland](#)

Parentzone Scotland is a useful website for parents and carers in Scotland, from early years to beyond school. The website provides up-to-date information about learning in Scotland, and practical advice and ideas to support children's learning at home in literacy, numeracy, health and wellbeing and science. Information is also available on Parentzone Scotland regarding additional support needs, how parents can get involved in their child's school and education. Furthermore, the website has details about schools including performance data for school leavers from S4-S6; and links to the national, and local authority and school level data on the achievement of Curriculum for Excellence levels.

School Ethos and Values

Over recent sessions our school community has worked collaboratively on updating our 'Vision, Values and Aims'. As part of our current School Improvement Planning, we are collaboratively developing 'A Vision for our Children' with all our school community's stakeholders being consulted. We are excited to see this shared vision and purpose develop and look forward to using it as a foundation for all of our children's achievements.

As part of this 'Vision for our Children', we have a well-embedded school motto which encapsulates the ethos of our school:

"Working hard, having fun, that's the way we get things done"

In connection, we have a school emblem which was designed by one of our children and which represents the school's community, unity and school House System:

Working hard, having fun
That's the way we get things done.

At Giffnock we have a rich, diverse community. Around four years ago, our whole school community collaborated to agree upon our central values. We agreed upon six that have become a central focus for both children and adults in our community and these are now a central, embedded aspect of all our learning activities:

Our School Values

Friendship

Determination

Inclusion

Kindness

Respect

Honesty

Recognising Achievement

At Giffnock, we encourage the celebration of a wide range of achievements as part of the cycle of our children's progress. Individual classes have various systems which celebrate learning. Our whole school [Awesome Achievers System](#) is a very important part of this culture, including our School Values Certificates which are presented at each of our Awesome Achievers Assemblies.

Achievement comes in many shapes and sizes with pupils noting down, for example, their participation in an after-school club, school outing, Scout club or Brownie event. The school carefully tracks and actively encourages these achievements, whilst targeting and supporting pupils to participate. Children and families can record these together in their child's Google Classroom, in their Awesome Achievers folder.

Our 'Heroes' project has been a focus for all of our children over the last two school sessions, where we have all been considering which values, attitudes and achievements we really should see as heroic.

Promoting Positive Behaviour

The relationship between pupil and teacher is built upon trust and mutual consideration, understanding and respect. Our School Values provide a foundation for our shared expectations. The ethos of Giffnock promotes a nurturing approach to positive behaviour and relationships, whilst establishing clear boundaries and high standards for successful, co-operative learning.

In the event of any pupil's behaviour falling below these shared expectations, parents are informed and their co-operation sought, including being invited into the school to discuss the problem in an effort to reach collaborative, positive solutions.

School House System

The school operates a [house system](#) which is a very significant aspect and focus of life at Giffnock. The House Meetings, Events and Challenges provide opportunities for collaborative learning experiences across the age ranges and help to further develop the 'Giffnock Family'. There are four houses, as detailed below.

New House Captains are elected for each new session with pupils organising their own election campaigns, complete with manifestos. The Captains for 2021-2022 are shown below.

Children earn house points throughout the week with the weekly winner announced at assembly. Various House Challenges take place throughout the school session, for example quizzes, design challenges and sporting events. House Points are awarded on the basis of children exemplifying our School Values.

Davieland – Burrell
Ruadhan and Rory

Eastwood – Livingstone
Sam and Musa

Mains – Mackintosh
Eleena and Lexi

Orchard – Scott
Olivia and Dougie

Equality, Diversity and Inclusion

Along with our cluster schools (Woodfarm High School, Thornliebank Primary, Braidbar Primary and Glen Family Centre) Giffnock follows agreed guidelines and policy to ensure that we take a proactive approach to promoting an inclusive and positive ethos. This learning includes through whole school assemblies, workshops in classrooms and a selection of resources, for example which help children to develop strategies to cope with difficult situations.

Pupil Voice and Leadership

At Giffnock Primary School, our children lead their own learning and experiences in a wide range of different ways. Within our classrooms, children are encouraged to take responsibility for their own learning through planning and developing activities alongside our class teachers. As successful learners, they help to agree focuses for learning and the success criteria to assess their own experiences by. Our children are also progressively developing their own abilities to evaluate and articulate their successes, challenges and next steps.

Our Pupil Groups are made up of representatives who have been elected by their peers and we have a wide range of opportunities for our children to lead their own learning, including: House and Vice-Captains; Pupil Council; Sports Committee; Eco Committee; Junior Road Safety Officers; Rights Respecting Schools; Peer Mediators; Playzone Buddies; Young Leaders; Digital Leader; Twitter Group; Librarians and Support Buddies. The children plan, implement and evaluate their efforts as part of these groups. They help to lead a broad range of learning experiences across our school and are an essential part of the Giffnock Family.

This Pupil Voice and Leadership is a hugely important part of our school community, through which our children are developing skills for learning, life and work. From Teamwork and Communication, to Management and Organisational Skills, our children are developing the attributes and qualities for their future successes.

Our children are also consulted in major school decisions, such as uniform, homework and learning and teaching. The children are also surveyed on school improvement and priorities for change. The children's views are gathered in a variety of ways including through dialogue, via discussion forums, questionnaires, assemblies and voting.

Partnerships in the Community

We value the importance of the role we play in the local and wider community. Giffnock Primary School started life as part of Orchardhill Parish Church. The school used the bell tower as a classroom, before moving to the Academy Road site at the beginning of the 20th century. These links with the church have remained with the children making regular visits throughout the school year. These include end of term celebrations across the year. Our school serves a diverse community and so we work hard to encourage harmony,

appreciation and consideration through regular visits from religious leaders, outings to places of worship and studies of different faiths and festivals.

The school also prides itself on being a good neighbour and we work alongside local businesses to help promote and care for the community. We have formed very effective business links, with many of our neighbours supporting the work of the school through sponsorship, educational talks and visits. The school also works closely with Giffnock Library to promote books and reading.

As a school we are fortunate to have local sports clubs nearby, such as swimming, tennis and running. As part of the authority's Active Schools programme, we visit the clubs and work with coaches to improve skills in these sports.

Pupils from across the Woodfarm High School cluster often participate in multi-sports festivals, including as part of their transition to Woodfarm in the springtime of Primary 7.

Our Curriculum

Curriculum for Excellence

In Giffnock Nursery and Primary classes our children study a broad general education, focusing on the following curricular areas:

- Languages (including French, Urdu and Spanish) and Literacy
- Mathematics and Numeracy
- Health & Wellbeing
- Religious & Moral Education
- Technologies
- Sciences
- Social Studies
- Expressive Arts

The curriculum is planned from 3–18, with progressive levels of attainment:

Level	Stage
Early	The pre-school years and P1, or later for some.
First	To the end of P4, but earlier or later for some.
Second	To the end of P7, but earlier or later for some.
Third and Fourth	S1 to S3, but earlier for some.

Learning and teaching is planned at Early Level for our children in Nursery and Primary 1. Careful tracking and monitoring takes place to ensure key experiences, skills and knowledge are built upon at transition times (moving from class to class). Children from Primary 2 to 4 will often work within the First Level, whilst from Primary 5 to 7 they will often work within the Second Level. However, this does not mean that the children will be doing the same work, nor learning at the same pace. Children's specific learning targets will be matched to their individual needs.

As mentioned, not all children work at the same pace, therefore some children may be working at a level different from their peers. Our class teachers and Senior Leadership Team often speak to parents/ carers and provide information on how home and school can work together to support our children. In some cases specific learning targets and a separate plan for learning may be required. The formulation of such plans is a collaborative process involving children, parents and staff. Further details of how we support learning can be found later in the handbook.

In the same way, if a parent has a concern about their child's learning and progress, they can contact the school office, where an appointment will be arranged, or attend one of the weekly Friday morning drop-in sessions with a member of our Senior Leadership Team.

The curriculum is skills based, with a focus on our children learning skills for learning, life and work. We work hard to create opportunities where children can practise, consolidate, transfer and apply these skills out with the context of the classroom. These also include homework projects, school performances, educational visits, design challenges and local and national competitions.

Purposes of the Curriculum for Excellence

“Our aspiration for all children and for every young person is that they should be successful learners, confident individuals, responsible citizens and effective contributors to society and at work.” (the four national ‘capacities’ of our curriculum)

Successful Learners	Responsible Citizens
<ul style="list-style-type: none"> • Use literacy, communication and numeracy skills. • Use technology for learning. • Think creatively and independently. • Learn independently and as part of a group. • Make reasoned evaluations. • Link and apply different kinds of learning in new situations. 	<ul style="list-style-type: none"> • Develop knowledge and understanding of the world and Scotland’s place in it. • Understand different beliefs and cultures. • Make informed choices and decisions • Evaluate environmental, scientific and technological issues. • Develop informed, ethical views of complex issues.
Confident Individuals	Effective Contributors
<ul style="list-style-type: none"> • Relate to others and manage themselves. • Pursue a healthy and active lifestyle. • Be self-aware. • Develop and communicate their own beliefs and view of the world. • Live as independently as they can. • Assess risk and take informed decisions. • Achieve success in different areas of activity. 	<ul style="list-style-type: none"> • Communicate in different ways and in different settings. • Work in partnership and teams. • Take the initiative and lead. • Apply critical thinking in new contexts. • Create and develop. • Solve problems.

At Giffnock we encourage children to be involved in their learning from the very beginning – at the thinking/ planning stage. Learning aims are shared with them and with their teacher they agree the success criteria through which they can evaluate their progress. Each playroom and classroom has a learning/ planning wall, where children can post ideas on what they want to learn and how. This may include particular themes and topics or it may relate to the resources they use. In nursery, we ask parents to add their ideas too!

Language

In Nursery we encourage children to improve their listening and talking skills. We do so by sharing and enjoying stories and rhymes and using information books. We also listen, recognise and repeat sounds and words. This is learned in fun, engaging ways through familiar songs, rhymes and riddles. Children are also encouraged to experiment with writing, using a range of tools. We discuss children's stories with them and celebrate their imagination and creative detail.

Phonological awareness is also a focus in our nursery, where we encourage the children to hear sounds as well as say them. This starts with nursery rhymes, where children are encouraged to, for example, identify the rhyming word, make up words starting with the same sound, or play eye-spy.

As children begin to learn to read, a range of other reading strategies begin to be developed. For example, with regard to 'tricky' words which do not follow phonological rules, the look and say method may be used, i.e. look at the word and the picture and try to remember what the word looks like. We use a range of resources to support the development of reading skills, both paper-based and electronic. We do not follow a single 'reading scheme' but draw upon a range of texts and genres, promoting reading for enjoyment throughout the school. Such resources are used to teach listening and talking, reading and writing for Early and First Level, and provide a good starting point for consolidating and acquiring language skills.

'Phonics', the sounding of the letters, is taught alongside these other strategies (such as the look and say method). A good phonological awareness is essential before children start the formal teaching of Phonics. The progression and teaching used in Giffnock draws upon the 'Jolly Phonics' scheme, which is a synthetic phonics model. This is a multi-sensory approach drawing upon sounds and the 'building blocks' of language, both within and out with the contexts of the class or group reading lessons.

The focus for teaching and learning progressively moves to more complex skills of comprehension and children are encouraged to 'interrogate' reading materials to ensure that

they fully understand what they have read. Again, we use a range of resources to support this development. As with writing, listening and talking and knowledge about language skills are linked to work in reading.

The development of writing skills is directly taught in weekly whole class lessons. Children are taught the skills they need in groups and personal targets are set and worked towards. In addition, children from our Nursery Class to Primary 7 have opportunities throughout the week to practise and transfer their writing knowledge and skills.

From an early age children are encouraged to pick up and have a go with writing materials and start to 'make marks'. In Nursery the children are continually encouraged to write (make marks). Writing is modelled by adults and signs are available throughout for children to copy. Children quickly move from mark

making to scribble stream, and onto making word-like clusters, before forming letters and writing their name and simple words. Our nursery staff team are very skilled at supporting this development and are aware that some children spend longer on some stages than others, and indeed that some children jump straight to writing! You can support this development by modelling writing at home, providing lots of opportunities and a variety of writing materials (pencils, paper, pens, chalk, etc.).

Once in school, handwriting is formally taught. In the early years, children will have daily handwriting lessons. This is taught in a variety of fun and interactive ways, including the use of sand and whiteboards. Thereafter, the amount of teaching and practise is decreased until eventually the children are all joining and writing in a free flowing script.

Children are given opportunities to develop their talking and listening skills through planned activities and play. Listening skills are developed through the use of listening centres both in classrooms and open areas. Children are encouraged to use their listening skills across the curriculum through activities such as discussion of reading texts, radio and television programmes, art and design and music. At Giffnock we use our Giffnock Communication Code to extend our talking and listening skills.

We are always trying to improve our provision of engaging reading materials. This includes a range of media and texts based in our central Library and classrooms, as well as a breadth of ICT equipment that, using our school WiFi system, will continue to develop the range of learning experiences and outcomes for our children.

Other Languages

Pupils' experiences are organised through a structured weekly programme developing oral, reading and written skills. Liaison with secondary schools means this knowledge is built upon in secondary classes with pupils continuing the language started in nursery. Our P5- P7 children also enjoy regular Urdu lessons as part of our cluster work on developing our use of Modern Foreign languages. Children spend time developing their language skills every day.

During this school session, French is an important area for our school development and we are working alongside colleagues across the authority in order to further enhance our children's experiences.

Mathematics

As soon as children join Giffnock Nursery Class, they begin to explore numbers, shapes, colours, sizes and other aspects of numeracy. They identify similarities and differences and are able to name, sort and classify. This is learnt through real life and play situations.

Children continue by developing basic numeracy skills, e.g. addition, subtraction, multiplication and division, as well as developing problem-solving and practical skills and knowledge. Oral and mental maths has a significant role to play in developing mental agility and, to this end, some time is spent on this area of maths in each class on a daily basis. To support our learning and teaching, a range of resources are used including Heinemann Mathematics, Maths in Action, On the Track, 'Teejay Mathematics', alongside a broad range of computer software programmes, apps and websites. Purposeful play in maths helps provide relevance for our children, for example using real life situations like classroom shops and looking at Giffnock train timetables.

Our school website contains a wide range of very useful information, including support materials for our families:

[Numeracy & Mathematics at Giffnock](#)

Health and Wellbeing

This area of the curriculum is concerned with supporting our children to understand their own wellbeing and to make informed, positive choices about their own health. In our Health curriculum pupils learn about: physical education, food and health, substance misuse, relationships, sexual health and parenthood, social and life skills. These are dependent on the age, development and maturity of each individual child.

Across our school we use Emotion Works to support us in the emotional development of our children.

Emotion Works is a colourful education programme designed to help children learn emotional language, develop emotional understanding and manage feelings and emotional behaviours.

This programme is used throughout our school, from Primary 1 to Primary 7, to ensure our children are happy, settled | and confident and ready to learn.

About Emotion Works

Emotion Works is based on the 'Cog Model'. It breaks the topic of emotions down into 7 parts, but also shows how each links together to help children and young people understand their emotions and how to express and manage them in a healthy way.

Physical Education

All pupils have a minimum of two hours of P.E. per week. In Nursery this is a daily experience, taking place mainly outdoors. Lessons provide the children with opportunities to develop physical skills, encourage confidence and co-operation with others and to foster a positive attitude to health and fitness. Children in Primary 4/5 also, when guidelines allow, receive a block of swimming lessons. Currently, all children from Primary 1 to 7 take part in the 'Daily Mile' initiative in which the children aim to complete regular jogging/ running activities.

The school also offers a range of extra-curricular activities including cricket, dance, football and netball. We work with a range of partners and parents to deliver broad experiences for our pupils, e.g. swimming lessons for P4 & P5 at Eastwood Swimming Pool and Bikeability lessons for P6 and P7.

Technologies

Children at Giffnock experience learning in the curricular area of Technologies across their school week. In part, this is about developing specific skills to, for example, utilise software to more effectively achieve learning targets. It is also about supporting the children to use a range of ICT to support and enhance their learning across the curriculum. Since 2018 the school has maintained our Digital Schools Award in recognition of the excellent practice in this area.

Social Studies and Sciences

Children make sense of the world in which they live by developing their knowledge of people and places. Our nursery children explore 'real life' events and link them to their own experiences. This includes visits within the local community, for example to the shops, train station, library and park. They find out about materials experientially, by playing with them and using them in their own ways.

Our teachers select the skills and knowledge to be taught and introduce these to the children as their learning aims. Sometimes the children may be taught these as part of a specific topic or theme, at other times as a discrete lesson. For example, mapping skills may be taught discretely or as part of a class study on a local area. The children are encouraged to share their prior knowledge before they start their learning, ensuring that the learning matches their needs. We also encourage the children to be involved in planning and choosing what they want to learn more about and how.

Educational visits may be arranged to places of interest that support our children's learning, for example Glasgow Science Centre, Scottish Parliament or New Lanark. Other members of the local community, such as Community Police, Councillors, Crossing Patrol and the Transport Police, are invited to the school to add practical and personal contributions.

Expressive Arts

Art and Design

Through Art and Design, children are encouraged to express themselves visually and to appreciate and enjoy their own and the work of other artists. Their imaginations are stimulated through various mediums, e.g. music, poetry and the work of famous artists. All children are encouraged to develop their creative talents through participating in activities that include the use of different materials, e.g. paint, collage work, plasticine and clay.

Drama

From their earliest years, children use imaginative play to explore, order and make sense of themselves and the world about them. Drama extends and builds on this natural process and helps to build confidence and self-esteem. To help develop a range of dramatic techniques and skills, children have the opportunity to role play, improvise, use movement and mime and use sound to express their own and others' ideas. The opportunity to develop these skills often arises through other curricular areas and in Giffnock these may often be linked to cross-curricular studies and language work.

Music

Our aim in Music is to foster a lasting interest in and enjoyment of musical skills.

At Giffnock, all children have the chance to realise their full potential, whatever their musical talents and abilities. Activities to encourage this may include listening and responding to music, making and inventing their own music by using instruments which are available in the school, and singing modern and traditional songs. A teacher from East Renfrewshire Council visits the school on a weekly basis to teach children musical skills. In addition, musical specialists visit the school and offer tuition in a range of instruments, including violin, guitar, woodwind and brass.

During the last three sessions, we have also been very proud to develop our School Choir's experiences. The choir have performed as part of musical events such as the 'Big Sing' and have also entered the Glasgow Music Festival.

Religious and Moral Education

Religious Education makes a distinctive contribution to the curriculum in helping pupils towards understanding and appreciating beliefs, attitudes and practices within our own community and beyond. Religious and Moral Education is taught in Giffnock with these broad aims in mind and reflects council and national policies.

In nursery, we learn all about different religious festivals and the associated customs and traditions. We have a lot of fun celebrating these.

In the primary school, we have a structured approach which is taught by class teachers and invited guests. Included in our R.M.E. programme is the study of Christianity and other world religions. This encourages harmony, appreciation and consideration for the beliefs of others. While studying R.M.E.,

classes may make visits to local churches and other sacred buildings.

School assemblies take place on a weekly basis, on Friday mornings. Each class has an opportunity to lead an assembly. Themes of the celebration reflect the diverse community of Giffnock and parents are invited to come along and take part. Awards are also presented during this time. End of term celebrations are held in the local Church (Orchardhill) and are well attended by parents. It is recognised that parents can withdraw their children from religious instruction and observance, and parents wishing to do so should contact the Head Teacher to allow any arrangements to be made.

Parents may request that their children be permitted to be absent from school in order to celebrate recognised religious events. Only written requests will be considered. Appropriate requests will be granted on not more than three occasions in any one school session and the pupil noted as an authorised absentee in the register.

In general, enrolment of a child at this school indicates that a parent accepts that the child will receive the curriculum offered, which meets the national guidelines. This means that, with very limited exception, pupils cannot be withdrawn from particular subjects/ parts of the curriculum or specific

activities forming part of the curriculum at the school. The limited exceptions, when a pupil may be withdrawn by parental request, exist in relation to (i) religious observance and instruction, and (ii) sex education programmes. Other than these two excepted areas, however, pupils are required to participate in all parts of the approved curriculum.

Parents may wish to note that in the event of the school seeking to make major changes to the curriculum on offer, consultation will be carried out with them and other stakeholders through the Parent Council, Pupil Council and by other appropriate means. Further information and advice about the curriculum is available from the following sources:

School	-	<u>Giffnock Primary Curriculum</u>
Authority	-	<u>Curriculinks</u>
Nationally	-	<u>Scottish Government School Curriculum</u>

Extra-Curricular Opportunities

At Giffnock, we aim to develop a holistic sense of learning, within which our children are able to access and take advantage of a very wide range of learning experiences. Each term, we provide a breadth of extra-curricular opportunities at both lunch times and after school. A number of these are sports-based and our partnership with Active Schools helps to support opportunities from Badminton to Running Club. Alongside curricular based P.E. experiences, these opportunities contributed significantly in our

success of the SportScotland Gold Award, which we currently hold.

In addition, extra-curricular clubs in a number of other areas are regularly offered, from Arts and Crafts clubs to Coding. All details of these opportunities and school events are available and regularly updated on our school website: [Extra-Curricular Clubs](#)

Assessment and Reporting

This is a vital aspect of learning and teaching, and pupils are continuously assessed in an informal way as part of the daily class routines. This type of assessment is known as Formative Assessment. 'Assessment is for Learning' (AiFL) is an integral part of our Assessment Framework. You can find out more here: [Parentzone / What is assessment?](#)

Three main strands of assessment activity underpin the AifL initiative in Giffnock nursery and primary classes:

Assessment FOR learning focuses on the gap between where a learner is in their learning, and where they need to be – the desired goal. This can be achieved through processes such as sharing criteria with learners, effective questioning and feedback.

Assessment AS learning is about reflecting on evidence of learning. This is part of the cycle of assessment where pupils and staff set learning goals, share learning intentions and success criteria, and evaluate their learning through dialogue and self and peer assessment.

"We get comments, we read them the next day and try to use and follow them"

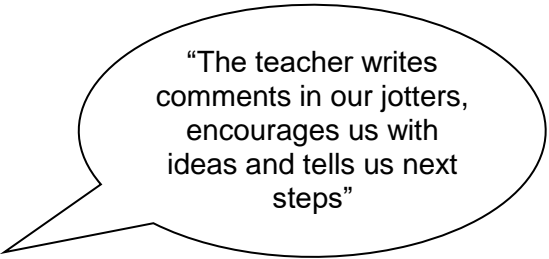

Assessment OF learning involves working with the range of available evidence that enables staff, and the wider assessment community, to check on pupils' progress.

When planning learning, teachers consider the desired outcome (the success criteria) for pupils. This is shared and collaboratively agreed with children so that they know the expectations and can identify their learning goal(s). Staff carefully plan assessment tasks during this stage, focusing on the things they wish the children to be able to **make, say, do or write** at the end of the learning. Assessment is based on this and evidence gathered.

In Nursery, evidence of learning is gathered in the children's learning journals. These journals are shared with parents throughout the year.

The Senior Leadership Team work alongside class teachers to 'track' the progress of all pupils throughout the school session. They meet with class teachers to discuss individual learning styles, needs and support, and attainment targets are set. These meetings take place three times a year. This information is shared at transition (moving from class to class) to ensure that children's needs are continually being met and expectations remain high.

At other times, Summative Assessment strategies are used. In the primary classes, assessments may be used to help teachers assess pupil progress, identify strengths and diagnose any barriers to learning. When the class teacher decides a pupil, or group of pupils, is ready to progress to the next level, a specified assessment task may be used. These are undertaken to confirm ongoing, day-to-day assessments made by the teacher.

"The teacher writes comments in our jotters, encourages us with ideas and tells us next steps"

As appropriate, the results of any assessment are reported to parents during parent/ teacher meetings which are held twice yearly. During these meetings, teachers will report on children's progress and parents have the opportunity to discuss this and to view their child's

work. Children's work is also sent home termly, with an opportunity to share ideas between children, parents and teachers.

In East Renfrewshire Council, all Primary 1 children complete a 'Baseline' assessment in reading and mathematics. This assessment is carried out in the first few weeks of term. The results are analysed and next steps in learning identified. In addition, Primary 3, 5 & 7 children take part in the authority's Standardised Testing programme. This takes place in February. Children are assessed in reading and mathematics. The results are standardised, with 100 being the East Renfrewshire average. Diagnostic information is also made available, allowing the schools to support children's development needs and extend particular strengths. This information is available to all parents on request.

Implementation of the Scottish Government assessments (SNSA) in Primaries 1, 4 and 7 is now in place at all schools and these are again being completed by children at Giffnock this school session.

Further information can be found through: [Standardised Assessments](#) and [SNSA at Giffnock Primary](#)

Parents also receive a copy of their child's Summative Report (pre-school Nursery children) and School Report (Primary 1 to 7) in June of each school year.

School Admission Arrangements

Before a child enrolls in Giffnock Nursery and Primary School, the Education Department will seek documentary evidence to validate a child's entitlement to a catchment place at this school. If appropriate evidence is not submitted the Education Department will withdraw the offer of a place. Documentary evidence can be submitted to the Education Department via the school office. Further detail on required documentary evidence and change of circumstances is available in the Education Department's school admission policy which is accessible on the council's website via the web address below:

[ERC School admissions](#)

When a child who was enrolled in the school as a catchment pupil ceases to reside within the Giffnock Primary delineated catchment area and the parents wish the child to continue to attend the school, then the parent must submit a placing request to remain. Where it is found that a child is no longer entitled to a catchment place in Giffnock Primary since they no longer reside in a property in the delineated catchment area associated with the school, and a placing request to remain has not been submitted and approved, the council may seek to exclude that child from the school.

A child's parents(s)/carer(s) is/are responsible for providing the Education Department with full and correct information about their child(ren) and any changes to that information which may affect their status as a catchment child. In the event that parent(s)/carer(s) fail to do this, the Education Department will view this as a refusal to comply with the rules and regulations of the school; this lack of cooperation will result in the Council seeking to exclude the child(ren) from Giffnock Primary School.

If information that is submitted is found to be fraudulent the council may pass the matter to the Procurator Fiscal's Office. The council will use all means available to it in order to investigate suspicions or allegations of fraud, including but not limited to, surveillance in cases where it is necessary and proportionate to do so.

Transitions

Giffnock Primary School and Nursery Class provides education for children from the age of 3 years until 12 years. As your child moves through the stages in the school, detailed transition information is recorded and shared, ensuring that your child's education and experience with us is progressive and builds upon their prior knowledge and skills. Although many of the children will stay within the same building, the movement from year to year is carefully monitored and decisions concerning classes, learning and curriculum taken into consideration.

In January of each year, parents of children who will be 4 by the end of February of that year will apply for a place for their children for primary school. Whether the school chosen is Giffnock or another, the careful sharing of information still takes place to ensure your child's continued progress. In addition staff from the primary school visit your child in nursery and get to know them prior to starting school in August. Parents are also invited to take their children along to induction visits. These visits are designed for the children to meet the staff and for parents to find out information about the school.

[Nursery to P1 Transition Information](#)

Some parents may decide to defer the decision for their child to start school for a further year. Please contact earlylearningandchildcare@eastrenfrewshire.gov.uk should you wish further information of East Renfrewshire Council's Deferment Procedures

Pupils normally transfer to secondary school between the ages of 11 ½ and 12 ½, so that they will have the opportunity to complete at least 4 years of secondary education. Like the arrangements for Nursery to Primary 1, detailed discussions take place between staff, allowing sharing of pupil information. Secondary school staff visit the children, and work with them in their primary class. Children also have an opportunity to visit their new school and parents too are invited to information events. Arrangements for secondary transition are issued to parents no later than December of the year preceding the date of transfer at the start of the new session.

[About school admissions](#)

Pupils from Giffnock normally transfer to:
Woodfarm High School
Robslee Road
Thornliebank
G46 7HG
Tel. 0141 577 2600

Giffnock Primary has very good relations with [Woodfarm High School](#) and its staff and pupils. Cluster links are strong in curricular continuity and transition procedures and these are reviewed annually to ensure the highest quality of service and smooth transition for pupils and parents.

A placing request will be needed in order to move a pupil attending a denominational school to a non-denominational school. A placing request will also be required for a pupil to move from a non-denominational school to a denominational school. Further information can be found at:-

[ERC Placing Requests](#)

For more information about placing requests for East Renfrewshire Schools, you should contact ERC 0141 577 3001.

For some of our children, an extended transition programme is required. This could be for a range of reasons, including supporting the transition of a pupil with Additional Support Needs. A programme is devised between both schools, detailing exactly the type of support the child may need to ensure a smooth transition. This may include additional visits, a specific timetable, etc. If parents are concerned about their child's transition they should contact the school. In addition parents may seek independent and confidential advice from [Enquire](#).

Support for Pupils

In Giffnock we ensure that all children are provided with learning experiences that are appropriate to their stage and development. This may be achieved through class, group and individual teaching approaches, enabling children to reach their full potential. However, many pupils may, at some point in their school life, experience additional challenges to their learning of some sort. Additionally some children may have a particular aptitude, talent or strength which requires specific nurture or support.

Class teachers are responsible for teaching all the children in their class and support is available through a support team. This may consist of, for example; the Senior Leadership Team, Family First, Bilingual Support and Pupil Support Assistants. This support may take the form of direct tuition, advice to the class teacher, provision of appropriate materials and practical help within the classroom. The school has excellent relations with Health & Psychological Services. Our school liaises with representatives from a range of agencies and we work together to offer children and families the best support available. Parents are informed of any meetings involving their child and their permission is sought in the sharing of information.

When children are experiencing specific difficulties, parent/carers are invited to share and discuss this and be part of the process through working together to explore ways in which support may be given. A Raising a Wellbeing Concern discussion looks at what the particular area of difficulty is for the child; we discuss these through using the Wellbeing Indicators. We then start to look at what further needs to be done to support the child, in class these may be specific learning programs and materials, support from a Pupil Support Assistant or inclusion within a targeted group.

A Child's Wellbeing Plan breaks down the child's learning and teaching into smaller targets. It details a particular approach or resource and it measures progress at regular intervals. The class teacher identifies the targets and evaluates progress.

If progress is not being made, the class teacher will speak to the Additional Support Co-ordinator for the school. The Co-ordinator will work with the manager responsible for the stage and the class teacher to review the progress, identify possible next steps and decide if appropriate resources, including teaching and support staff, are being deployed to support. This is again reviewed, and if at this point progress is still not as desired, the school may carry out specific assessments and/ or make referrals to the school Educational Psychologist for further advice. Parents are informed throughout this process and are invited in to hear the findings of any assessment or indeed to meet the Educational Psychologist if appropriate. Parents are encouraged to contact the school if they feel they have a concern about their child's learning.

Child Protection Policy and Procedures

At Giffnock Primary School we take the care, welfare and protection of our children very seriously. We believe all children have the right to feel safe within the school, home and community.

All staff in education have a statutory and professional responsibility to take action if we have reason to believe a child is suffering or is at risk. Every staff member is trained and if they have any concerns they have a duty to report to the Head Teacher, who will inform the local Social Work Department.

The Head Teacher is the Child Protection Co-ordinator and has responsibility for ensuring the implementation of our Child Protection Procedures following authority guidelines.

If you are worried or know of a child who could be at risk of abuse or neglect please speak to the Child Protection Co-ordinator or to a member of staff at the following numbers:

East Renfrewshire Social Work Request for Assistance Team (Children and Families): 0141 577 8300

East Renfrewshire Social Work: 0141 577 4000

Glasgow and Partners Emergency Work Services (out of hours): 0300 343 1505

Police Scotland: 101 or 999 in emergencies

At Giffnock all staff have the responsibility for children's health and our 'Care Team' plays an important role in this. This team consists of members of staff who have participated in specialist training or hold the remit for a specific area of Child Protection and Welfare. The team consists of:

Rob Lawson (Head Teacher)

Kirsty Rawley (Depute Head Teacher)

Judy Brown (Principal Teacher)

Natalie Stead (Acting Principal Teacher)

Kirsteen MacLeod (Acting Principal Teacher)

Eddie McGee (Educational Psychologist)

School Improvement

Giffnock School Improvement Planning

All schools in Scotland are required to devise an improvement plan as a means of managing change and planning for major development initiatives. Following self-evaluation, including consultation with parents, pupils, staff and other agencies, and taking into consideration national and authority targets, priorities are identified and a plan is devised.

During the current session 2021-2022, our key priorities are:-

- Vision for our Children
- Recovery and Re-engagement
- Challenge and Creativity
- Modern Foreign Languages

See our plan at:

[Giffnock Primary school Improvement Plan 2021-22](#)

[Family Friendly School Improvement Plan 2021-22](#)

Giffnock Primary School is a member of the Woodfarm Cluster. This is a group of associated schools that work together to ensure consistency of learning for all children who attend Woodfarm High School. The cluster is made up of Glen Family Centre, Braidbar Primary School, Giffnock Primary School, Thornliebank Primary School and Woodfarm High School. The cluster produces an improvement plan which details development priorities for all five schools.

Almost all learners are extremely motivated, successful and confident. Most pupils attend clubs out with the school day to support their learning and achievement. Our pupils and staff have achieved and participated in many sporting festivals, musical events and other activities at both local and national level, for example:

- Rights Respecting School Gold Level
- Sportscotland Gold Award Status
- Digital Schools Award
- Green Flag Status – Scottish Eco Schools
- Family Centred ERC Awards – Silver (Nursery and School)

- Bikeability (Cycle Proficiency) and Cycle Friendly School Status
- John Muir Award recipients
- Primary 7 Residential trip to E.R.C. approved outdoor centre
- E.R.C. Music Residential Week
- School Show performances at Eastwood Theatre

School Achievement and Attainment is carefully monitored by the school and the authority, with the school reporting on progress, outcomes and impact on an annual basis. Last year, all authority targets were achieved or exceeded and our progress was very good. In the authority standardised tests overall attainment in both Maths and Reading was also very good.

Our Standards and Quality Reports for last year provide detailed information about achievement levels and progress across the school:

[Parent Summary of Standards and Quality Report 2020-21](#)

[Standards & Quality Report 2020-21](#)

Summary copies of the [Giffnock Primary School Improvement Plan](#) and our [Family Friendly School Improvement Plan](#) are posted on the school website each year.

School Policies and Practical Information

Staff

For up to date information on our current staff, please see our [website](#).

As part of a national commitment to the professional development of our shared workforce, we will be involved in the training of students from various colleges and schools throughout the session as usual. The pattern of attendance and duration of placement may vary from course to course. All staff and students will have name badges to identify who they are.

Nursery and School Information

At Giffnock Primary we are very fortunate to house our own Nursery.

Further information on Giffnock Nursery can be found at:

[Giffnock Nursery Class Handbook](#)

Settling your child

When your child starts nursery class you are welcome to come into the playroom to help them settle. We aim to have your child settled at the earliest opportunity but we will work with you to judge what is most appropriate at this very important stage.

Arrival and collection of children at Nursery

It is expected that a responsible adult (aged at least 16) will bring a child to and from the nursery. Your child will be welcomed by a known member of staff. All parents/ carers are required to sign-in/ sign-out their child on the register positioned in the cloakroom. Arrangements for drop-off and collection times may vary somewhat depending on Covid-19 guidance.

At the end of each session the children will be gathered by the staff so that they can be collected safely by you or a designated family member/ friend.

We ask that you complete a consent form for us to keep on file. These forms are a list of people that you would permit to collect your child from nursery in your absence. For reasons of safety and protection of children, we would not release your child to anyone without your permission.

Nursery Resource Fund

We ask parents to give a small weekly donation of £2, which allows us to provide healthy snacks, baking ingredients and trips and visits for the children. This can be paid via ParentPay into your child's account.

School Hours

The school opens each day at 8.55am and closes at 3.00pm

Morning interval is from 10.35am – 10.50am

Lunch starts at 12.30pm and finishes at 1.20pm

These times are for all children with the exception of P1 who start at 9.30am on their first day, but at normal school hours thereafter.

A note of the school year for session 2021-2022 is included in the appendices.

Enrolment

Nursery

If you wish a nursery place for your child, you should apply directly to East Renfrewshire Council's Education Department. The Council keep a register of all applicants and the information contained in the applications will be considered by the admissions panel to assist in the allocation of places. *Please note that the length of time a child's name has been on the register will not affect the child's priority for admission.*

Parents can ask to see their child's application form at any time. If the circumstances that affect the application change you should speak to one of our Senior Leadership Team.

School

Places for children who are starting school for the first time are normally applied for in January. Advance notice of the actual dates will be placed in the local press and information will be available from Giffnock Nursery class, local nurseries and playgroups. Notice is also given through school newsletters, our Twitter feeds and displays in the local community.

Parents who need a place for a child at any other time of the school year, should contact the Head Teacher via our school office, in order to discuss availability and to make arrangements to visit the school.

Security and Supervision of Playgrounds

The school building is fitted with a secured entry system – the door is on a timer and can only be opened from indoors.

All visitors should press the buzzer for the office at the main entrance, where you will be directed appropriately. A ramp entrance is also available at the front and back of the school building. During this time, Covid-19 guidance may require different arrangements for parents at drop-off and collection times.

Parents dropping off or collecting children from the nursery should report directly to the nursery entrance via the nearest gate into the playground. They should enter as directed below:

- To enter – press the buzzer and wait for a member of nursery staff to admit you. Do not let any unknown person in with you. They should instead go to the school office for entry.
- Make sure that the door is closed firmly behind you.
- Do not allow your child to play around the front door area.
- Your child is your responsibility once collected from the playroom.

An adult presence is provided in playgrounds at break times. At Giffnock, our Janitor, Pupil Support Staff and/ or our Senior Leadership Team supervise our playground, both at interval and lunchtime. From time to time a decision is made for your children to have their break indoors. Primary 7 Monitors, Support Staff and Senior Leadership Team supervise the children during this time.

There is adult supervision in the playground from 8.45am. In the event of **extreme** weather this supervision is moved inside and children are allowed indoors via the ramped entrance. At the current time, we continue to operate a 'soft-start' to the day for all of our children P1-7, where children are welcome to be dropped off at school from 8.40am. From this time, members of the Senior Leadership Team and our PSAs will be in the playground to support our children. Please note that children are not allowed into the school until the supervision is in place.

Clothing and Uniform

Nursery

Your child will be working with glue, paints and dough to name but a few of the activities. We will always try to make sure that they wear aprons. However, accidents happen, so please dress your child in easy to wash clothes.

Try to have a spare pair of pants and jogging trousers in your child's bag in case they do not make it to the toilet on time. If they are busy playing they can sometimes forget to go. We do have spare clothes in the school for such emergencies. Please launder and return any items your child borrows.

Make life easy for your child by putting on clothes and shoes they can manage by themselves. Velcro or slip-on shoes are best to start with.

Children have the opportunity to play outdoors on a daily basis. Please ensure your child is clothed appropriate to the weather. In summer it is advisable to apply sunscreen prior to the start of the nursery session.

School

In East Renfrewshire we strive to achieve our vision of *Everyone Attaining, Everyone Achieving through Excellent Experiences* in a wide variety of ways. As one aspect of this, we implement school dress codes/uniform as another way of reinforcing our drive for excellence in all that we do.

Given that there is substantial parental and public approval of uniform, schools in East Renfrewshire are encouraged and supported by the Education Committee and Education Department to actively promote the wearing of approved items of

school uniform. In promoting the wearing of uniform, account must be taken in any proposals to prevent any direct or indirect discrimination on the grounds of sex, race, age, disability, sexual orientation and religion or belief. Any proposals should be the subject of widespread consultation with parents and pupils. There are forms of dress which are unacceptable in school, such as items of clothing which:

- fail to identify children / young people as a pupil of their school
- are not in keeping with the school ethos
- potentially, encourage conflict (such as football colours)
- could cause offence (such as anti-religious symbolism or political slogans)
- could cause health and safety difficulties, such as loose fitting clothing, dangling earrings
- could cause damage to flooring
- carry advertising, particularly for alcohol or tobacco
- could be used to inflict damage on other pupils or be used by others to do so

Under no circumstances should pupils be deprived of any educational benefit as a result of not wearing uniform. We aim to support our families in a range of different ways with regards to uniform and in respect of the national 'Cost of the School Day' initiative. New uniform is available through www.schoolwearmadeeasy.com; 'nearly new' uniform through www.apparelxchange.co.uk; and we are also providing access to free 'pre-loved' uniform clothing in collaboration with our Parent Council.

The school blazer is navy blue and the basic colour of trousers, skirts and woollens are grey. Children wear white shirts and the tie is navy blue with red stripes, grey jumper or cardigan. On gym days pupils in P1-P4 may also wear red polo-shirts and grey sweatshirts with the school name and badge on them. All these items can be purchased through the Parent Council. In warmer weather, some children wear a red dress.

Parents are asked to assist in this area by ensuring that valuable items and unnecessarily expensive items of clothing, jewellery, etc. are not brought to school. Parents should note that the authority does not carry insurance to cover the loss of such items and any claims submitted are only likely to be met where the authority can be shown to have been negligent.

P.E. Kit

To allow children to enjoy PE activities, shorts, T-shirts and appropriate shoes should be provided. The wearing of suitable clothing and footwear is an important safety matter. Outside PE shoes should also be provided. Children can wear coloured T-shirts linked to our House System; Orchard-Scott (**yellow**), Mains-Mackintosh (**red**), Davieland-Burrell (**blue**) and Eastwood-Livingstone (**green**). **Children should not wear any jewellery during P.E. lessons.** Parents should contact the school if they are unable to comply.

Meals

Nursery

Snacks and Healthy Eating

Children receive a carton of milk free of charge each day in the nursery at snack time. We also have water coolers in the nursery and staff provide water for the children to drink throughout the sessions.

We promote healthy eating through our snack time and children have fruit, vegetables, finger food, crackers and cheese.

All children have a toothbrush in Nursery and tooth brushing is carried out on a daily basis. We also support dental health care and organise regular visits by specialists to discuss children's oral hygiene with them.

School

From January 2022, P1- P5 pupils receive free school meals. For all other pupils we use a 'cashless' catering service, i.e. your child pays for their lunch using an allocated pin number. This pin number is unique to your child. We encourage parents/ carers to make payment on line via the [ParentPay](#) website or by following the link on the Giffnock Primary School website. The current cost of school meals is £2.10 for P5 to P7. Pupils in receipt of free school meals will automatically receive a £2.10 credit each day but only when they are in attendance at school.

For all pupils, the kitchen operates a choice of snack and main meals, and either a starter or dessert. All foods are freshly prepared each day, with an increasing number of dishes being prepared on the school premises. The menu varies from day to day and week to week. A copy of the menu is posted on the East Renfrewshire Council website.

[ERC Primary 1 to 7 lunch menu](#)

We aim to have a healthy eating approach. If the school catering staff has prior notification, any child needing a special diet can be catered for. Children who bring packed lunches are also accommodated in the dining room/ gym hall. In Giffnock, the eating of lunch is a social occasion where staff and children meet in a less formal setting. We ask that parents support this policy by encouraging good table manners and eating habits at home.

Children of parents receiving Universal Credit and/or job seeker's allowance (income based) are entitled to a lunch without charge. Information and application forms for free school lunches may be obtained from schools, the education department and area offices.

Parking

The school has limited parking space and encourages parents to walk with their children to school. A very limited amount of 'drop-off' bays are available at the front of the school. The community wardens and police patrol the area at regular intervals to ensure there is no illegal parking or acts which can lead to safety risks for the children. Please note that the car park is for staff use only. Use of Academy Road since June 2021 has been subject to restricted vehicular access during a 'School Street' trial. This means that the road is restricted to those with permission between 8.30 and 9.30am, then again from 2.30- 3.30pm.

Medical and Health Care

Parents should always inform the school of any medical problems that may affect their child's schooling, or if their child needs regular medical treatment. Where a child requires medication during the school day, please ensure that you contact the school to complete a [Request for Administering Medicines](#) , which is available at the office or from the website.

Please note that medication cannot be administered without this form being completed.

On occasions, it may be necessary for a child to be taken home due to ill health, etc. In all cases, the school makes every effort to contact a parent in the first instance. If a parent is not available, the school will make contact with the child's emergency contact for the necessary arrangements to be made. It is essential therefore for the school to have an **emergency contact** that can be reached by **telephone** should any child have to be taken home unexpectedly. Under no circumstances will a child be sent home/ allowed to leave the school unaccompanied.

We would like to draw your attention to the fact that children who have an infectious disease should not be at school or nursery. They should only return after the risk of spreading infection to others has passed.

It should be noted that certain infections, if caught by a pregnant member of staff or parent, can pose a danger to her unborn baby. You are therefore asked to notify the school office if your child has one of the following infections.

German Measles (Rubella)	Chickenpox	Slapped Cheek (Parvovirus)
Measles	Shingles	

The NHS Greater Glasgow and Clyde arranges medical and dental examinations from time to time. Permission is sought from parents before any such examinations are undertaken.

Information in Emergencies

We make every effort to maintain a full educational service, but, on some occasions, circumstances arise which lead to disruption. For example, schools may be affected by severe weather, temporary interruption of transport, power failures or difficulties of fuel supply. In such cases, we will do all we can to let you know about the details of closure or re-opening.

Please refer to page 7 for more information.

Sharing Achievements and Public Relations

The school is very proud of its successes and, from time to time, will contact the local press to celebrate with the community. Your child may be in some of the photographs. The consent of parents/ carers will be sought at the beginning of each session and will cover the following categories:

- Photography and display in school
- Public display (local and national press, TV and media)
- Personal photography at school events
- Online within the school website, Twitter feeds and Glow

Data Protection

Information on parents and guardians is stored on a computer system and may be used for teaching, registration, assessment and other administrative duties. The information is protected by the Data Protection regulations and may only be disclosed in accordance with the codes of practice. For further information please contact the school. We will also seek the consent of parents/ carers to allow personal information to be sent home with children aged under 12.

GDPR – Education

Who will process your information?

The personal information you give to us through any of our forms relating to Education and any other pupil administrative information we hold about you in this context will be processed by East Renfrewshire Council, Eastwood Park Giffnock, G46 6UG for the administration of Education and any additional support you or your child may require.

Why do we process your information?

Your information is processed to help us administer education provision and related functions within East Renfrewshire. Your information may be shared with other departments within the council and other organisations for the same purposes and also to check the information we have is accurate; prevent and/or detect crime; and protect public funds. Other organisations may include bodies responsible for auditing or administering public funds, other councils, public sector agencies, government departments, exam bodies and other private companies or partners we use to process information and distribution services for the issue of correspondence.

What is the legal basis for us to process your information?

The council processes your information in order to perform a task carried out in the public interest and also to fulfil its legal obligations to ensure proper administration of the council's financial affairs in terms of the Local Government (Scotland) Act 1973.

The law gives certain types of information special significance because of its sensitivity, e.g. health information. If we process this type of information about you in relation to education we do so on the basis that it is necessary for reasons of substantial public interest.

Do you have to provide your information?

Education needs your information to allow us to carry out public tasks in the public interest that is set out in law such as teaching in primary and secondary schools. It allows us to organise and administer classes, lunches, exams etc.

How do we collect information about you?

Most of the information the council holds about you will come from you as an individual and it provided at your first encounter with education whether it is applying for a place in an early learning and childcare establishment, support in the early years or applying for a place in one of our schools.

Such information includes:-

Child's Forename
Child's Surname
Child's gender
School Stage
Details of child's medical condition
Any other name child is known by
Child's date of birth
Address including postcode
Mother's/Carer's Name
Father's/Carer's Name
Mother's/Carer's address including postcode
Father's/Carer's address including postcode
Mother's/Carer's telephone number
Father's/Carer's telephone number
Mother's/Carer's email address
Father's/Carer's email address
Single Parent/Carer family
Name of Brother/Sister
Date of Birth of Brother/Sister
School stage of Brother/Sister
Additional Information Support Application
School applying for
Preferred Alternative School
Early Learning and Childcare place applied for
Council Tax Evidence
Mortgage Statement
Rental Agreement
Rental Agreement End Date
Landlord Registration Number
Birth Certificate
Baptism Certificate
Date of Baptism
Name of Church venue
Child Benefit Statement
Utility Statements
Other Catchment Evidence

How long will we keep your information?

The council will hold your information from when your child first has contact with one of our services through to five year beyond them leaving school.

Who is your information shared with?

Your information will be accessed by council staff who need to do so to administer education and the many services that run alongside it. If such administration is provided on the council's behalf by an external agency, that agency will also have access to your information. The information will be shared with SEEMiS, CRB, ParentPay, the Diocese of Paisley (in Roman Catholic schools), Scottish Government including their Analytical Services, Education Scotland, Glow (Scotland's national education network), SQA, 2Cqr, BAM FM (Carlibar Primary, Barrhead Mearns Castle, Williamwood, Woodfarm High Schools), Bellrock FM (Mearns Primary and St Ninian's High), Skills Development Scotland, Scholar (Heriot Watt University) and East Renfrewshire Culture and Leisure Trust.

The council also needs to ensure proper administration of its funds so details will be checked internally for fraud prevention and verification purposes. Information is also analysed internally in order to provide management information and inform future service delivery. Your information may also be shared with other departments within the Council. The council also generally complies with requests for specific information from other regulatory and law enforcement bodies where this is necessary and appropriate.

Do we transfer your information outside the UK?

In general we do not transfer personal information outside the UK but on the rare occasions we do we will inform you. We will only transfer information outside the UK when we are satisfied that the party that will handle the data and the country it is being processed in have adequate safeguards for personal privacy comparable to those which are in place in the UK.

Profiling and automated decision-making

The Education Department does not use profiling or automated decision-making for administration.

Your rights

You have the right to be informed of the council's use of your information. This notice is intended to give you relevant information to meet this right.

Access personal data held about you

You have the right to access personal information the council holds about you by making what is known as a subject access request. You can receive a copy of your personal data held by the council, details on why it is being held, who it has been or will be shared with, how long it will be held for, the source of the information and if the council uses computer systems to profile or take decisions about you.

Request rectification of your personal data

You have the right to request that the council corrects any personal data held about you that is inaccurate.

Request that the council restricts processing of your personal data

You have the right to request that the council restricts processing your personal data if you think the personal data is inaccurate, the processing is unlawful, the council no longer need the personal data but you may need it for a legal purpose or you object to the council processing for the performance of a public interest task.

To object to the processing of your data

You have the right to object to the council's use of your personal data. The council will have to demonstrate why it is appropriate to continue to use your data.

Complaints

If you have an issue with the way the council handles your information or wish to exercise any of the above rights in respect of your information you can contact the council's data protection officer by post at:

The Data Protection Officer
East Renfrewshire Council
Council headquarters
Eastwood Park
Giffnock
G46 6UG

or by email at DPO@eastrenfrewshire.gov.uk

You have the right to complain directly to the Information Commissioner's office (ICO). The address of their head office is:

Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5EF
Telephone: 0303 123 1113

Alternatively, you can report a concern via their website at www.ico.org.uk
The ICO also have a regional office at:

45 Melville Street, Edinburgh EH3 7HI
Telephone: 0303 123 1115 e-mail: scotland@ico.org.uk

While you can go directly to the ICO, the council would welcome an opportunity to address any issues you have in the first instance.

Equal Opportunities, Social Justice and Inclusion

The school is committed to equality of opportunity for all pupils, regardless of sex, religion, physical ability or social background. Staff ensure that all children have access to every aspect of the curriculum and that learning and teaching programmes are planned regardless of sex, social background, religion or race. At Giffnock, we follow East Renfrewshire's policies and guidelines to ensure that we offer equality of access to the curriculum.

Giffnock Primary School has clear guidelines and procedures for dealing with incidents of inequality, as advised by the Education Department. We encourage that any concerns be raised with us. Our Equalities Coordinator can be contacted by emailing or telephoning the school.

Race Relations Act

Subject to the Race Relations (Amendment) Act 2000, the school follows the [ERC Equality and Human Rights report](#). A copy of this is available on the school website for anyone to read.

[Scotlands-race-equality-framework](#) is also available on Scottish Government website.

Should you wish any further information you can find more on our school website under our Parental Equalities Group work at:-

[parental-equalities-working-group](#)

Parental Engagement

At Giffnock, we understand the great importance of [parental engagement](#) in our children's learning. We provide a wide range of ways in which to enhance parental involvement and engagement, a number of which have been detailed elsewhere in this handbook. We aim to work hard to break down barriers that may be perceived as discouraging any such involvement and will always aim to work alongside our families in furthering our children's education.

Frequently asked questions

Q: What happens if my child has forgotten their lunch?

A: We will try to contact parent/ carer to bring their lunch in; failing this they will be issued with a virtual voucher and be given a school lunch which should be repaid by topping up their lunch account on-line via ParentPay as soon as possible.

Q: How can I check my child's lunch account balance?

A: You are able to check this through your ParentPay Account online.

Q: When are the school holidays?

A: This information is available via the school [website](#) or East Renfrewshire Council [website](#) .

Q: Can my child walk home from an after a club?

A: As safety is paramount at Giffnock Primary we suggest that P5-P7 pupils are permitted to walk home but you must indicate this in your return slip. Any changes to arrangements must be in writing to school. We discourage pupils P1-P4 being given permission to walk home and would prefer them to be collected at the end of the club.

Q: What happens if my child has a hospital appointment during school hours?

A: As with all medical appointments the appointment letter/ card should be sent to the class teacher giving advance notice if possible as this minimises disruption to teaching time. The class teacher will forward this information to the office who will record the appointment appropriately. Pupils can be collected via the school office. We encourage parents to make dental/ doctor appointments out with school hours when possible.

School Policies and Guidance

School and Nursery policies are in place for a range of areas. These policies are updated on a rolling programme. Information about policy change is shared directly with parents through our usual forms of communication. Further information can be found on the school website.

Glossary of Specialist Terms

Circle Time: a time in class for staff and pupils to talk uninterrupted about matters brought up by the children or by the teacher; a time/ forum used for the development of personal and social skills

Curriculum: the range of subjects taught in every class and school, e.g. Numeracy, Languages, Science, etc.

Curriculum Continuity: this term relates to the need for schools to make sure that the courses show progression and do not overlap unnecessarily

Emergency Contact: the person(s) nominated by a child's parents/ guardians to be the first to be contacted if a parent/ guardian is not available

Ethos: this term is related to the specific characteristics of the school; the spirit or principles of the school

Extra-Curricular: subjects which are not taught in the formal curriculum, e.g. after school clubs

Group Teaching: children are normally taught and work in groups with other children – for language and maths these groups are normally attainment/ ability groups where children of a similar ability progress at a similar rate; for most other curricular areas, children are taught in mixed ability and social groups

Transition: this term usually relates to the movement of children from Nursery to primary, or primary to secondary

Although this information is correct at the time of printing, there could be changes affecting any of the matters dealt with in the document –

(a) before the commencement or during the course of the school year in question

(b) in relation to subsequent school years

By law, Authorities are required to issue a copy of the school handbook to certain parents in December each year. It details the current policies and practices of both the council and the school
