

# East Renfrewshire Council (ERC) P3, 5 and 7 Standardised Testing Giffnock Primary: Parent Information

## When are they completed?

Completed around February each year in P3, 5 & 7

## Not a 'high stakes' assessment

These are just one of many assessments that class teachers use throughout the year to assess our children.

## What do the numbers mean?

All children in P3, 5 & 7 in ERC complete them. The 'average' score is 100 for both Maths and English. Scores range from 70 - 130

## Are the scores used to group children?

No. They are one of many assessments throughout school which help teachers to assess a child's progress through the curriculum levels.

## Are the scores a national test or guide?

No. These are assessments completed in ERC only.

## How do these scores link to Curriculum for Excellence Level assessments?

From nursery onwards, our children work through Early, First and Second Level. ERC Standardised Scores are only one part of assessing these overall levels
