

Re-design of Supported Living Services for Adults with Learning Disabilities

An event for people who use services, their families and carers

East Renfrewshire CHCP and their Provider Partners invite you to join us at:

The Redhurst Hotel, 27 Eastwoodmains Road,

Giffnock, G46 6QE.

Tuesday 12th November 6pm-8pm

Come along and find out about the innovative work we are doing to reshape the way supported living services are being designed and delivered.

There will be a chance for those who attend to ask questions about new ways of working, and to hear about how changes will mean individuals have more choice and control about the service they receive.

(Parking available and wheelchair accessible)
