WELCOME

Jamie welcomed everyone to today's meeting and presented the agenda on his presentation on the SMART board.

Isobel Mair School ECO Code

Jamie presented the "Carrie" Logo on the SMART board. This Logo will be used by the ECO committee and the school.

School Grounds

We discussed the school grounds and anything we might need or anything the pupils would like. We are thinking for the next meeting. We discussed getting the Rouken Glen Horticulture group, "Youth Enterprise" to help us with planning the Sensory Garden and school grounds. Shetland will also work with "Youth Enterprise" on the garden maintenance and preparation. Jamie and Andrew are going to prepare a letter to Barrhead Voluntary Group for help and Isobel Mair Parent Council for money to spend.

We have Silver Birch, Wild Cherry and Rowan Trees to plant. We are checking out where these can be planted and if the berries are child safe.

NEXT MEETING
