

# ERA East Renfrewshire ASN Parents Action Group

Local parents have set up a group for additional support needs families within East Renfrewshire who have children and young people aged between 0-25 years of age and their siblings and other family members.

Our aims are to support parents and families, set up social groups and events for ASN children and siblings and to widen appreciation of additional support needs within the local community. We currently host parent support group meetings and events for toddlers, primary school and teens and intend to develop these further in the coming months.
