

Dear Isobel Mair and Family Centre

On behalf of Women's Aid South Lanarkshire and East Renfrewshire. I would like to thank you and everyone who donated for your very generous donation of Women's Christmas gifts

Our goal remains the continued provision of support, information and safe Refuge accommodation to women, children and young people who have experienced, or are currently experiencing domestic abuse. Through your noteworthy generosity we can continue to support our diverse service provision. To which, your commitment to supporting our charity is genuinely appreciated.

All of the thoughtful donations are important particularly at this time of year in allowing us to organise various festive activities including children's Christmas parties, and provide individual gifts for each woman and child using the service.

Thanks again for your generous support of our service.

Best wishes,

Heather Russell
