Welcome to everyone.

Head Teacher's report (see handout) given together with Transition Review Report.
Inspection took place in November.

The school has received a lot of donations over the past while – see report.

We now have a new school library. We have bought new books and also have received donations of recycled books.

We currently have a Partnership with Strathclyde University Post Graduate Primary and Secondary students. They have been looking at Literacy and Engagement and gaining lots of experience.

One of our ex pupils has set up a Dating Agency for young adults with Special Needs – “Mates and Dates”. This seems to be going very well.

The coffee and chat group seems to have fallen by the wayside. It was suggested that The format maybe needs to change to encourage parents to attend.

Depute Head Teacher, Ursula Scrimgeour explained the Transition Planning which is well underway. The school has 15 leavers this year and at the moment, we are trying to secure College places for them.
