

# Day 1 of STEM WEEK: International Women's Day

Today's STEM Challenge is inspired by a famous NASA Space Scientist, named Katherine Johnson. For more information on International Women's Day and 13 Women in STEM who changed the world check out <https://www.internationalwomensday.com/Activity/7213/13-Women-in-STEM-Who-Changed-the-World>

## Your Challenge

Design and build Your Own Nasa Spacecraft Using Sustainable Materials

\*Remember sustainable materials are materials that are planet friendly ☺

## Criteria

Your final design should include the use of sustainable materials, for example recycled or natural materials like:

*Cardboard  
Scrap Paper  
Reused Plastics  
Sticks  
Leaves  
Rocks*

## Some Inspiration:
