

## Inter House Competition Day 2

*The totality of experiences which are planned for our learners include the development of skills for learning, life and work. The development of these skills is integrated and embedded into our learning and teaching experiences throughout the school years and into lifelong learning.*

### Technology Challenge

**Article 31** You have the right to play, relax and take part in a wide range of activities.

Friday 6<sup>th</sup> December

Dear Parent/Carer,

This term we are continuing our termly 'House Days' when the pupils in each House will get the opportunity to get together to support each other and have fun! During these days pupils will be working towards gaining extra points for their House in order to add to the on-going total and final aim of winning the House Cup in June. This is in line with all levels of the Health and Wellbeing Experience and Outcome denoted below:

*I value the opportunities I am given to make friends and be part of a group in a range of situations.*

Our House Day will take place on **Friday 13<sup>th</sup> December**. Each stage will be given a Seasonal themed technology challenge. This may be creating a Christmas Tree, Christmas presents, an elf factory etc. There will be first, second, third and fourth place winners from Skye, Shetland, Orkney and Arran in every year group from P1-P7 who will all earn extra house points for their teams. Teachers will be explaining the task in advance and would like pupils to start collecting junk materials at home which may help with their group challenge.

As always, if you have any questions regarding the event, please contact either of us at the school at any time.

Yours sincerely,

Jane Tees  
(Principal Teacher)
