A note from _____

I have noticed your good behaviour _____ was

Ready Respectful Safe

What did you see?

To celebrate our fantastic achievements in Kirkhill Primary, we share these through

- **Twitter.** Please continue to tweet us your child's achievements! We love to share these with our school community.
- **#Proud class display.** Each class will have a display to celebrate any success in school or out of school. Please feel free to send in pictures or encourage your child to share an achievement out of school!
- **#Proud school display.** This board will be displayed in the main corridor to celebrate any school successes.

To celebrate our children going 'over and above' (following our school rules and values consistently), we reward the children by

- **Phoning home.** Adults in the school will be calling parents to share positive messages with someone at home. A lovely call to receive at the end of the day!
- **Sending home #proud postcards.** Adults in the school will be sending home a special postcard when a pupil has been going 'over and above'. What a great surprise to come home to!
- **Having hot chocolate with the Head.** Adults in the school will nominate any pupils going 'over and above' to have a special hot chocolate with Miss Edmonstone!
- **Giving #proud certificates.** Children can receive these certificates at any point in the week for going 'over and above'. These children will stand up in assembly and receive a special assembly seat!
