

Dear colleague

We have always worked by training and equipping educators and teachers to make the best use of school or nursery grounds, and local green spaces. Over the next few weeks and months that work will become challenging.

We are therefore launching two [Facebook groups](#) where we will share new resources and ideas, as well as host webinars on a series of topics relating to outdoor learning and play. One group is for parents and families, the other for educators, teachers and outdoor professionals.

If you don't have a Facebook account, we will be making announcements on Twitter, listing webinars on our events page and sharing via this newsletter – do make sure you are [signed up](#).

Please get in touch with us if you have some ideas of resources or topics for webinars – our staff team is busy planning just now, but we would really like to hear from you. training@ltl.org.uk will get through to us.

Kind regards
