

Kirkhill Parent Council Newsletter

Dear Parents & Carers

It should come as no surprise to anyone that in light of the Coronavirus pandemic - and the resulting school closures and restrictions on socialising - the Parent Council meeting which was due to be held this Monday 23rd March has been cancelled.

It is highly likely in due course we'll be cancelling all events scheduled in the summer term but we will provide confirmation when we know for definite - the pace of change in these last few days has been rapid. Please rest assured that when restrictions ease and life returns to normal, we'll do our utmost to hold events (eg. discos, the P7 dance, the Family Fun Day) which you value and enjoy, and which are a key part of Kirkhill life.

The school closes today with the Government unable to guarantee when they will reopen. Sidra and I are keen to reassure you all that while the Parent Council will not be meeting or arranging events, we will not be inactive. We are ready to support the School and families to ensure - inasmuch as is possible in these uncertain times - we maintain educational provision and assistance for all of our children. Our school community already pulls together to deliver for us all - we will benefit greatly in the coming weeks if we continue to work together.

If you have any questions or concerns, please get in touch - kirkhillpcsec@gmail.com or via your class reps - you will get a response, and we will help in any way we can.

Finally, for the sake of everyone, please heed the official guidance and advice on social distancing, unnecessary social contact, good hygiene and hand-washing - particularly, but not only, if you fall within a vulnerable group.

Stay safe and stay well and we eagerly look forward to our next Friday Bundle.

Sidra (Chairperson)
Mark (Secretary)
