Criteria and Guidance for entries

This is a creative competition, use your imagination and be as creative as possible.

This year's theme for the competition is **#GenerationEquality**, encouraging young people from all backgrounds across Scotland to think about future career prospects free from barriers and stereotypes.

Scotland's powerful response to the Black Lives Matter movement has seen organisations, politics and sport commit to better reflect our society in the highest positions. This is our young people's chance to have their voices heard.

"We live in a moment when the dream of equal opportunity is within reach" – Barack Obama, former US President

"You may be the first to do many things, but make sure you're not the last." – mother of Kamala Harris, US Vice President-elect

It is **not** mandatory to use the theme or quotes. We simply can't wait to see your creative efforts to challenge racism and celebrate diversity.

Show Racism the Red Card can provide **virtual workshops** and have a range of educational packs and films covering anti-racism, Islamophobia, racism towards asylum seekers and refugees, and sectarianism.

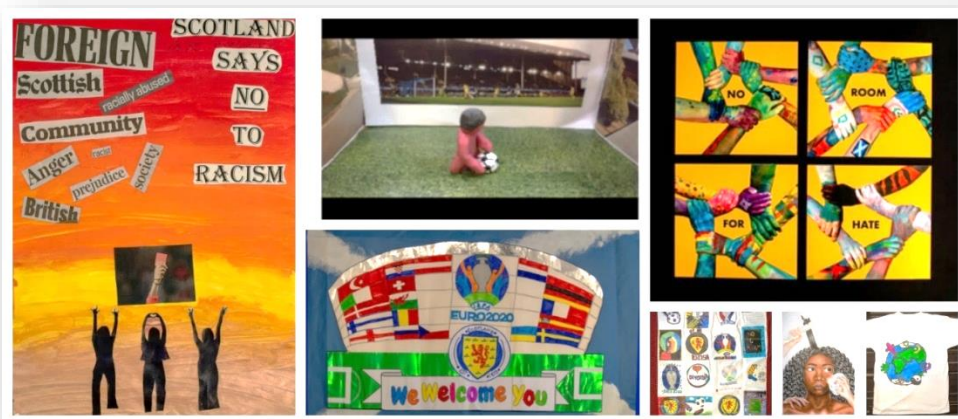

More information on available educational DVDs can be accessed via:

<http://www.theredcard.org>, or by emailing our team: competition@theredcardscotland.org
