

Kirkhill Primary Improvement Priority Parent/Carer Consultation

We use a variety of tools and evaluations to help us to identify improvements at Kirkhill. Every year we look at data collected from parent/carers surveys, pupil work, assessment information, pupil and staff surveys, working group findings, focus groups, classroom visits, pupil needs and local and national priorities. This data helps us to identify what is working well and what we need to improve.

Our focus over the next three years is to build back better and our families will have a central role in helping us with this.

Please use the form below to indicate what improvements are important to you to help us to plan our priorities for next session.

Thank you for your support!

Mrs Matthews
