OUTDOOR CLASSROOM DAY

Dear Parents and Carers,

At Kirkhill Primary we strive to provide regular outdoor learning experiences for all of our children. As a school we have fantastic outdoor spaces which can be used across the curriculum to develop our children socially, emotionally and academically.

Different outdoor learning experiences offer opportunities for personal and learning skills development in areas such as communication, problem solving, information technology, working with others and thinking skills. Learning in the outdoors can make significant contributions to literacy, numeracy and health and wellbeing. Therefore, outdoor learning offers many opportunities for learners to deepen and contextualise their understanding within curriculum areas, and for linking learning across the curriculum in different contexts and at all levels.

(Learning and Teaching Scotland, 2010)

During outdoor learning day, our learners will experience a full day outdoors, learning with their teacher and having fun. In order to make best use of our outdoor spaces we have timetabled classes across two weeks in May. The table below highlights the specific day for each class' allocated Outdoor Classroom Day.

To allow all pupils to access outdoor learning in the changeable Scottish weather, we would like to ask if pupils could please come to school on their allocated day prepared for all weather conditions. They should wear wellies or suitable boots, bring trousers (waterproof if possible but other old trousers if not) and a rain jacket. It may also be a good idea to pack a spare pair of socks in school bags if it is raining, in case feet get wet if children do not have wellies on. This support will allow our children to have a fantastic time learning outdoors come rain or shine, however please do not buy any new items for this day.
