Relationships, Sexual Health and Parenthood (RSHP) Curriculum

Dear Parents/Carers,

At Kirkhill we follow the Scottish national RSHP curriculum which was introduced a few years ago as part of a Curriculum for Excellence update to deliver RSHP lessons throughout the school. The RSHP curriculum is a key part of our wider Health and Wellbeing curriculum and all classes within the school will be working on this throughout this year.

The curriculum is designed to be progressive from Primary 1 through to high school and gives pupils the age appropriate content they need to achieve each level. Here some short videos that will explain more about the rationale behind the RSHP curriculum and its age appropriateness for Primary Schools:

What is the role of parents and carers in RSHP education? <https://vimeo.com/361996285>

All of the content for RSHP lessons can be found on the RSHP website <https://rshp.scot/> where there is also an excellent information section for parents and carers <https://rshp.scot/about-the-resource/#parentsandcarers> with a presentation you can download and look through. There are also some questions in the FAQ section that are directly applicable to parents and carers <https://rshp.scot/faq/>.

Following previous feedback and comments we have put together a short presentation which gives further details about what is covered within this curriculum in Kirkhill Primary School. We hope this will be helpful for you to understand the content and importance of these lessons. The presentation can be downloaded using the link below. Please note if you wish to hear the narration of the presentation you will be required to download the file then open it in Powerpoint rather than using the web browser version in google documents – [Kirkhill RSHP Presentation](#)

If you have any questions the please do not hesitate to contact us and we will be happy to discuss these with you.

Kind regards

Scott Russell
