## Christmas Card Project 2022

Yes we know it's only September but it is time to kick off our annual Christmas card project!

Your child should have received home a template to complete their festive design.

The artwork will then be used to create cards, gift tags, mugs and coasters.

These make fantastic keepsakes for friends and family and are always a huge success!

Please only complete designs on the actual template as the company cannot accept printed or photocopied versions

If you have not received a template in your child's school bag please contact the school office who will be able to provide one.

If you have more than one child at the school you can choose to do one family design or can have each child create something individually on a separate template.

Your child's design doesn't have to be Christmas related – it could be for any festival or personal reason – as long as you stick to the artwork guidelines (attached) then it's entirely up to you!

**We need to have all templates returned by**

**Friday the 30<sup>th</sup> of September**

**Any submissions received after this will not be processed so please make sure you return in plenty of time.**

We have also included some artwork guidelines on how to complete your template which has some important do's and don'ts.

If you have any questions please get in touch with your class rep.
