- Neurodiversity
- Relationships, Sexual Health and Parenthood
- Road Safety

In Primary 5 in Kirkhill Primary skills, knowledge and understanding are developed through a range of teaching and learning opportunities. These include direct teaching, targeted group time and tailored learning areas in the classroom and outdoor environment.

UNCRC Articles

- Article 29: **A child or young person's education should help their mind, body and talents be the best they can.** It should also build their respect for other people and the world around them. In particular, they should learn to respect: their rights and the rights of others.
- Article 30: Children and young people who belong to a minority group have **the right to share the culture, language and religion of them and their family.**

Skills for learning, life and work
