Good Social Media Practice *(Pupils)*

Do's

Only use Social Media services that you are old enough to use – there's a reason they have age limits.

Keep all passwords secure – use different passwords for different sites.

Set your privacy settings to make sure only your friends can see your profile and posts.

Check what others are posting on your feed or timeline – delete/block and report anything inappropriate.

Tell an adult if you see or read anything that makes you feel uncomfortable or upset.

Don'ts

Put ANY personal details in your profile or give them to anyone in a message or chat forum.

Friend, follow or like people who you don't know.

Post, comment or like anything that in anyway could be considered offensive to others.

Put anything on Social Media that you wouldn't be happy for your Granny to read or see – remember things posted online are there forever!

EVER arrange to meet someone you met online.
