

An ancient university *open to all*

The University of Aberdeen, during week commencing the 23rd of November, will be running a series of events and activities that we have collectively called Articulation Week.

The activities that will be held during Articulation week will be focused on the opportunities to articulate or move on from an HNC/HND at a Further Education College into degree studies at the University.

As part of this week will be running an online information and Q&A session for school pupils (in the senior phase, S4-S6), their parents or guardians, so that they can find out more about opportunities to articulate into and study with the University.
