INDOOR ROWING

MR MOON

Indoor rowing is an excellent cardiovascular, non-impact resistance sport in its own right, with Scottish and UK competitions. It is also excellent training for on-water rowers when outside conditions are unsuitable. A desire to work extremely hard to improve your personal bests is the single most important factor for progress in this demanding and highly rewarding activity.

Club members will be expected to do a little preparatory work between sessions (no more than 20 minutes of research or recording results).

So, if you have that strong desire for improvement and are prepared to work to achieve it, you will be most welcome.

RIGHTS RESPECTING SCHOOLS GROUPS

MISS HENDERSON

The Rights Respecting Schools group has been set up to promote an inclusive environment at MCHS where pupils learn about their rights and how to ensure all young people have their rights respected. Pupils attend meetings where their voice is heard in matters that affect them, school life and life outside of MCHS. In the past pupils have been involved in delivering assemblies to different year groups, organising food bank collections and hosting a human rights week. We are always looking for new members who are passionate about making a difference to people's lives.

LIBRARY BOOK GROUP

MISS MCEACHERN

If you love books and reading then the Library Book Group is the place for you! Together we read (and vote for) great new books which have been nominated for various children's book awards such as The East Renfrewshire Teen Book Prize and The Carnegie Book Award.

We meet in the library to discuss the books we are reading and have fun with games and activities.

Our reading is rewarded by winning valuable House Points for each completed book and culminates in a trip to the Edinburgh Book Festival in August to meet exciting authors and attend book signing sessions.

Pupils from all year groups are very welcome to join the Library Book Group, so come along and join in the reading fun!

STEAM CLUB

MISS MCKISSOCK

STEAM Education is an approach to learning that uses Science, Technology, Engineering, the Arts and Mathematics as access points for guiding student inquiry, dialogue, and critical thinking. STEAM education results in students who take thoughtful risks, engage in experiential learning, persist in problem-solving, embrace collaboration, and work through the creative process. These are the innovators, educators, leaders, and learners of the 21st century! At STEAM club we will help you develop all these skills by setting you a variety of challenges that will really get you thinking, for example, do you think you could build the biggest spaghetti tower or create a tornado in a bottle? Is so come and join STEAM club!
