

Helping to create a library in Kenya

The Global Citizenship committee at Netherlee Primary School have been working hard to help the Global Minorities Alliance. With the help of children, families and staff of our school we managed to collect enough books to allow the GMA to create a library for a Kenyan school. We would love to extend a big **THANK YOU** to everyone that helped us achieve this.

Meeting with representatives from the GMA.

Sorting the countless number of books we received!

Gathering the books to send off.

What a great truck load!

We look forward to seeing pictures of the library we helped to build, once it is ready, and we are seeking opportunities to help others across the globe!
