

Dear Parent/Carer

We would like to invite ALL pupils from Netherlee to get involved in our Netherlee Community Photography Challenge! During the Easter Holidays, we are encouraging everyone to get outside and appreciate the special community we call home. To take part in the challenge, all you have to do is take a photograph of a place in our community that is special to you – the more unique and interesting the better! You could even get creative if you like too eg add filters to your photograph. Here are some places which we think are important to us in our community

- Derby Café and local shops
- Netherlee Library
- Netherlee Parish Church
- Local parks
- Our school and nursery!

but we would love to see a variety of your special places.

Using all the photographs that are submitted, we will create a Netherlee Sway that showcases what a special place the Netherlee Community is to all of us. We will also choose four photographs from each category to be displayed in our new Netherlee Art Gallery in the school building!

Happy Snapping!!

**Netherlee children- you can get involved by looking out for the instructions on your class Google Classroom next week.**

and Miss McLauchlan and Miss Irving 😊

***\*This challenge is, of course, entirely optional\*.***
