Nursery Rhyme of the Week
Five Little Ducks

Saplings

Spark: Sensory Garden

Children worked together as a team to pick potatoes and carrots that were planted last year. They helped to peel and chop the vegetables to make their own soup for everyone to try. Healthy and delicious!

Focus: *Children were interested in the smell and taste of certain herbs, such as parsley, chives and mint. They will be exploring the different smells and tastes of these herbs.*

Spark: Still Life Flower Art

Children were excited to see the colours and shapes of the flowers on the dining tables during lunch time. They were talking about how spikey the flower petals are and how the different colours.

Focus: *Children will be making still life art using a variety of colours and cardboard edges to create the 'spikey' shape of the flowers.*

Spark: Water, Water everywhere!

After some heavy rain, children were playing together in the puddles and using a pipe to roll balls, sticks and stones down into the water.

Focus: We will be experimenting with floating and sinking and guess which everyday objects will sink or float.

Spark: Paint Mixing

Children were noticing lots of different colours in their environment while they were playing and reading stories.

Focus: We will be wearing lab coats and using pipettes to investigate different colours and how they mix together to make new colours.
