

Titanic

At the end of our Titanic topic you are going to have the opportunity to create a cabin in a shoe box. This task will be completed in school – Friday 29th April 2022. To make this possible, I kindly ask that you bring into class a named shoebox. It must not be bigger than a standard shoebox as this would prevent us from displaying them in the classroom.

Furthermore, you might want to collect some items that you can use to decorate the interior of your cabin, such as materials/fabrics, wallpaper, dolls house furniture, pictures, bits of carpet etc.

Remember the resources you will need must be appropriate to the class of cabin that you are creating.

I have included some pictures of shoebox cabins that have been made in the past to help inspire you.

Please bring your box and resources on Friday 29th April.

Can you guess which class each cabin pictured represents?
