

OUR LADY OF THE MISSIONS PRIMARY SCHOOL

## We are OLM!

This has been one of the most challenging times for our school community and being distanced from our friends and teachers means it is easy to forget about all that is great about OLM.

We are launching the 'We Are OLM' Project part of which is to celebrate our culture and diversity and also to help us reconnect and reflect on what this year has meant to us and what the OLM Community will mean to us moving forward.

We are planning lots of exciting activities over the next few months to help us build a picture of OLM. The first step is the launch of our 2021 Time Capsule Project. Please encourage your children to get involved. The objective of this project is to encourage the children to reflect and express their feelings (good and bad) and hopefully capture a moment in time which they will enjoy looking at in the future.

We are making history and you have a story to tell!

Use [the attached or download, TBC] Time Capsule Template, or use it as inspiration, to create your own memento of this extraordinary time! You don't need to complete all of it. The choice is yours. Fill in the pages with colours, pictures and words to create a time capsule for your future self and family to look back on.

You may want to include some additional items in your box. The following are just suggestions:

The packaging from your favourite snack. ...

A toy or stuffed animal. ...

Art projects. ...

Pictures of you home learning.....

A newspaper.....

Once you have completed your Time Capsule Project place it all in your box and store in a safe place for at least 12 months.

We hope you enjoy completing this project with your family.
