

Using
Education
City at home

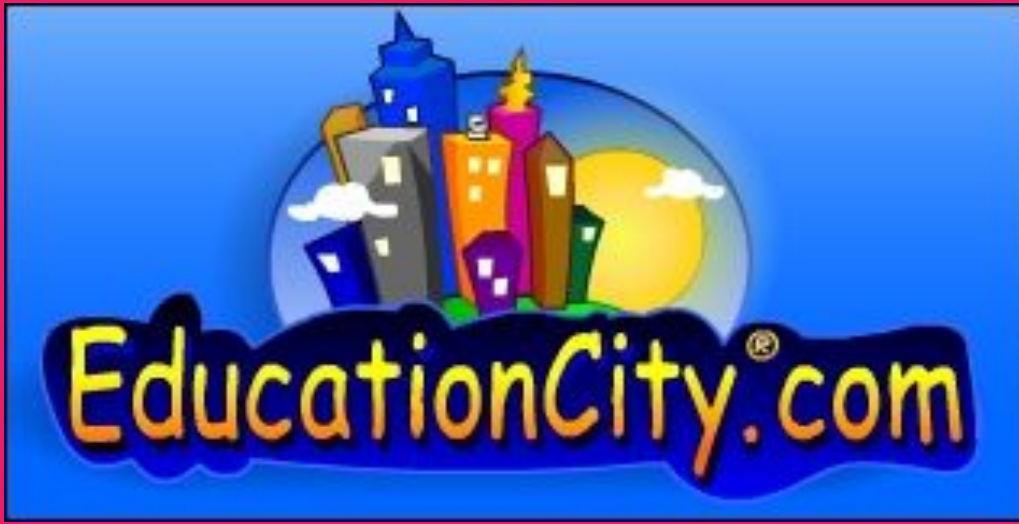

Mrs Thomson

Education City

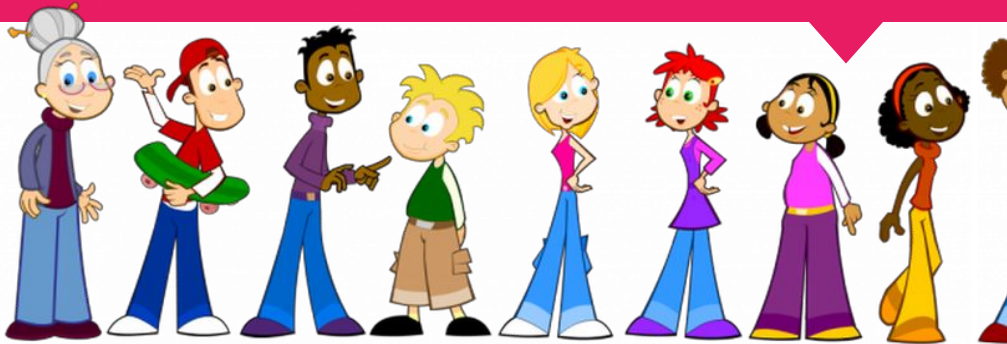

- Support your child by logging on regularly.
- Choose games and activities relevant to their level - Early, First & Second Level.
- Fill the gaps by selecting material suited to your child - search tool - learn screens.
- Monitor your child as they use the programme, completing activities within a given time frame, are they getting answers correct?
- Complete homework tasks which have been set, headphones are useful and use a device which is easy to navigate.
- Access multiplication songs and activities often - there is a link to frequent usage which can help improve standardised testing scores.

Please find a helpful video below which shows you how to use Education City effectively at home.

Thank you for your support.
