

On Thursday 4th December 2014, Bishop Keenan of Paisley Diocese celebrated our Morning Mass then met with a number of pupils for breakfast.

After breakfast, Ciara Duncan (1a3) spoke about her involvement in the Faith Life of St Ninian's.

'I am pleased to be speaking about Faith in St Ninian's High School. On a Tuesday morning I attend Mass, although during Advent I will be able to participate on Monday, Tuesday and Wednesday mornings. I am glad to have this

opportunity to celebrate Mass in the mornings. This is instrumental in reminding me that God is with me throughout the day.

I also attend the Life group on a Friday at lunchtime. This is a very worthwhile charity which helps mothers who are facing difficult situations. Already this year I have been involved in a sponsored walk to raise money for the charity. Our Advent collections by S1 and S2 will be donations of baby items for the Life group.

I have a Spiritual Journal which is precious to me because it contains many prayers which I can say each night and I am reminded that God is with me at night. The Spiritual Journal can also be used as a diary to reflect on your faith. During RE lessons we have learned about the life of St. Ninian. Within our Personal, Social and Health Education classes, we have been able to attend Liturgical Services where we enjoy time together in our Alpha classes to be with God. During the month of November the school remembered Holy Souls and on one Thursday lunchtime celebrated a Mass for people close to us who had recently passed away.'
