Home Study Resources

- It is vital that your **SQA Exam preparation** continues over the coming weeks
- **Continue working** on your planned revision programme using your printed student notes for each topic, make certain that these are complete and are well organised.
- Your **National 5 Biology textbook** is an important resource containing additional explanation and exam style questions, make sure you use it often and properly!
- Use the **study techniques** that you have been shown that work best for you
- Make up **additional** notes and set aside time to practise SQA past paper questions **under timed exam conditions** to help identify any problem areas.
- **In addition to the above**, the following links will assist your continued study and learning:
