Home Study Resources

- It is vital that your work on this **SQA Course** continues over the coming weeks
- **Continue working** on your printed student notes for each topic, make certain that these are complete and are well organised.
- Use the **study techniques** that you have been shown that work best for you
- Make up **additional** notes of your own to summarise the class notes, using bulleted points
- **In addition to the above**, the following links will assist your continued study and learning:
