

S1 Parents' Maths Information Evening Evaluations

Tuesday 18 September 2018

Was the event meaningful?

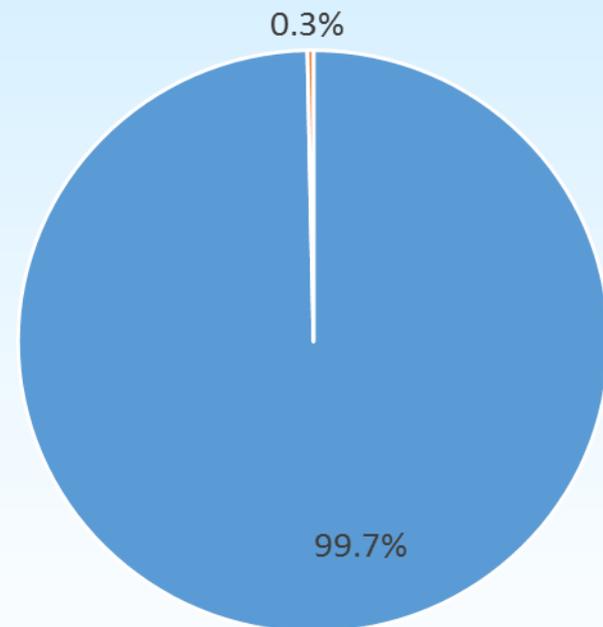

- *Relevant information without overloading. Also good split of presentation and workshops.*
- *Excellent workshop in particular but evening as a whole was interesting and informative.*
- *Understanding that I am going to be taught a new format of Maths by my daughter from the way I was taught.*
- *Was very helpful to hear about the pathways and also to see how some things are taught.*
- *Have been to a few of the Maths workshops previously and found this to be the best one yet!*
- *Absolutely.*
- *Really enjoyed class section and much clearer on how classes will progress.*

Was the information on Experience and Pupil Pathways Useful?

- *Learning the basics of Maths has shown to me that it will be my daughter will teach me.*
- *Why not use the word streaming?*
- *Great content, thanks!*
- *Yes.*
- *This was the big reason why the event was so good – teacher who did this bit was very good and put everything in context – for the first time I fully understood reasons behind the use of a ‘starter question’*
- *It was really helpful to know the various pathways.*

Was Information on Experience and Pathways Useful?

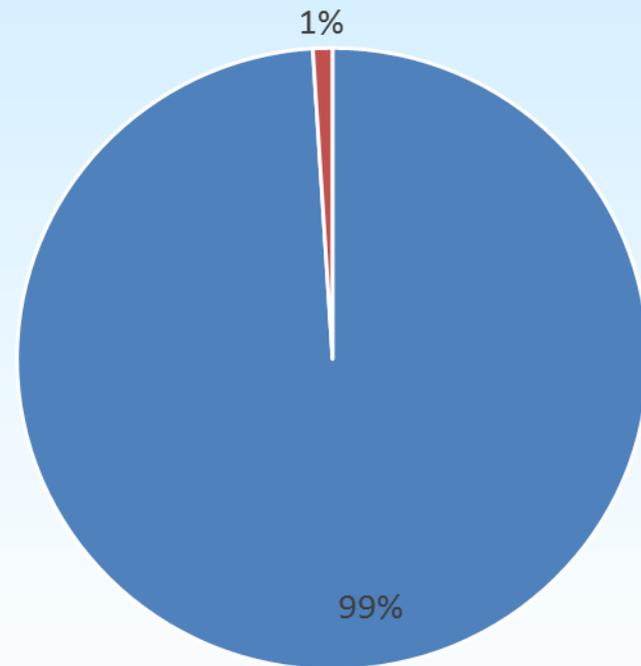

■ Yes ■ No

Was the information on Metacognition useful?

- *Great presenter!*
- *You might find Professor Jo Boalers work interesting. There's a great Radio 4 episode of The Educators with her on it. She talks about how your attitude to Maths has a great impact on your attainment.*
- *Fascinating LOVED this input and presenter was funny too.*
- *Could have given examples of it in use.*
- *Not sure yet how meta-cognition approach is practically applied*
- *It has a high level purpose to the learning experience.*

Was Information on Metacognition Useful?

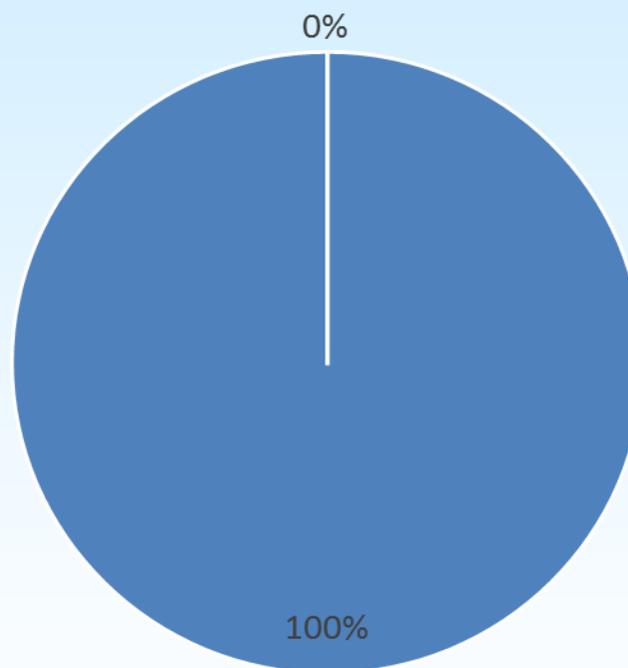

■ Yes ■ No

Did you find the workshops useful?

- *Yes, very worthwhile.*
- *Enjoyed session, very good.*
- *Good to see methods used and importance of sharing working etc.*
- *Really helpful to review methods.*
- *Well explained.*
- *Didn't understand the methods being taught.*
- *Workshop was great, really helpful! Thanks.*
- *It successfully showed the method for equations.*
- *Didn't understand the methods.*
- *Great insight into teaching / learning methods.*
- *Was good to see method for things being taught and was helpful to find out that it is fine to help your child.*
- *Ours was brilliant – importance of being aware of different methodologies –hence better appreciate need for/reason behind the 'working line.'*
- *It was good to work out the examples. The Teachers were very friendly.*

Did you find the Workshops Useful?

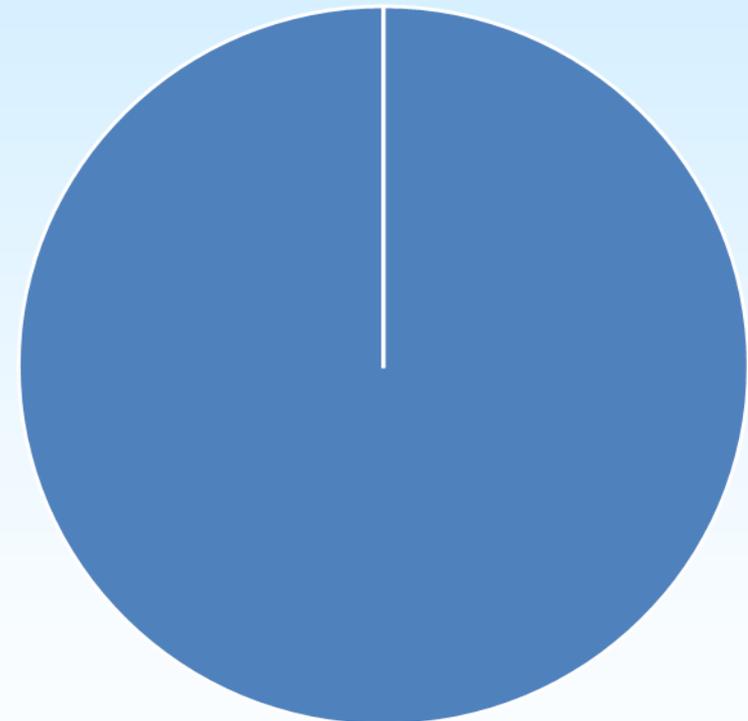

■ Yes ■ No

Was the overall format useful?

- *Good split of workshop and presentation.*
- *Yes.*
- *Yes the format worked well.*
- *Yes – great combination of theoretical and practice.*

Was the Overall Format Useful?

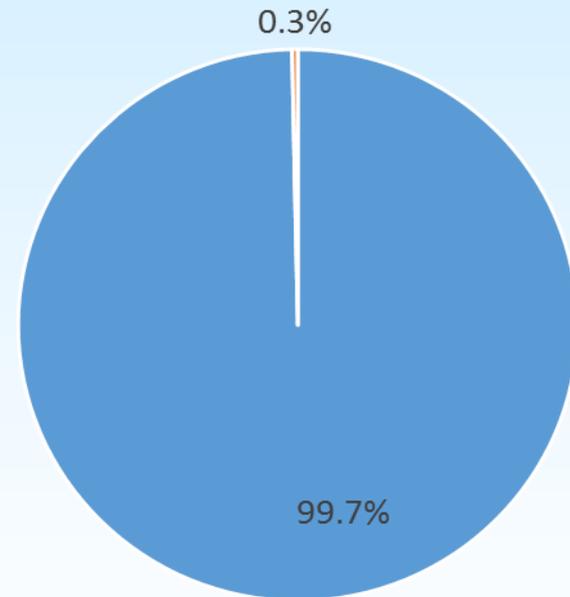

■ Yes ■ No

Did you get the information that you needed?

- *Great workshop to help with homework!*
- *Yes and it was good to get booklets home too.*

Did you get the Information that you Needed?

■ Yes ■ No

Have you any further comments about the event?

- *Good set up and very informative.*
- *Thank you – good event.*
- *Very well put forward in a short time the basic structure of learning maths in a short space of time!*
- *Many thanks!*
- *Well communicated!*
- *Very important and useful evening.*
- *Very worthwhile.*
- *Very informative evening.*
- *Maths workshop in class was very useful.*
- *Very good, informative take home learnings.*
- *A step back in time.*
- *Repeat at each year / stage?*
- *Very informative and helpful! Feel confident in helping with the Maths homework. Have a much better understanding now too of the Maths pathways. Thank you!*
- *Enjoyed it!*
- *Will this be repeated again for different Maths problems in the future?*
- *Well explained topics.*
- *Very useful workshops, thanks for having it!*
- *Thanks for all the information given, v useful.*
- *Great staff, friendly and informative.*
- *Thank you!*
- *Thanks very much for the effort put into this event.*
- *I didn't take to the methodology for solving algebra (linear equations). I find it very confusing. The teachers were lovely and very patient though.*
- *All staff extremely approachable and helpful.*
- *Was well organised and presented. Was glad to have the opportunity to attend.*
- *Excellent.*
- *Feel more confident in helping my child with her Maths.*
