

ST.NINIAN'S CLUSTER

PARENTAL WORKSHOPS 2023-2024

Guide, Provide, Support.

The St.Ninian's Cluster are committed to offering our parents and guardians information with regards to how best to support your child. We are therefore delighted to be able to share with you a range of parental workshops which we would love to see you at this academic year.

Each of the Primary Schools within the cluster will take a turn of hosting these events, however, all parents from across all schools and ELC settings are very welcome to attend each workshop.

Please scan the QR code to sign up for any of these sessions. We look forward to seeing you there.
