

ASN Family Play Consultation Service

Our new Family Play Consultation service aims to break down some of the barriers to toys and games.

FREE for families of children and young people with Additional Support Needs anywhere across Scotland.

We offer advice on

- Switch adapted toys
- Nursery rhymes and circle games
- Controlling toys with computers and eye gaze
- Accessible Video gaming

Use the QR code to book a free 1:1 online consultation with an Assistive Technology specialist who can talk you through how to make playing accessible for the whole family.
