

# APRIL 2019 BULLETIN

## STEAM IN ST. LUKE'S

### Nuffield placements

Congratulations to Iain High who has successfully been accepted onto a Nuffield placement with Glasgow University. Iain will be based at the School of Engineering, Department of Infrastructure and Environment for six weeks during the summer and will work alongside Dr Valyrakis on a research project. Congratulations Iain!

### S2 Go4set team

The Science Go4set team have been busy working hard after school preparing for the up and coming Go4set competition at the University of the West of Scotland. The S2 group have been working with their industry supporter ACOM to pull together their concept for their sustainable home that will withstand climate change in Barrhead.

### Latvian educators visit St. Luke's

This month the Technologies faculty hosted special guests from Latvia's education department. The group of policy makers, teachers and Design & Technology experts were keen to visit some schools in and around the Glasgow area to see how the Technologies curriculum and qualifications are being taught and implemented in the Scottish curriculum.

## STEAM ACROSS SCOTLAND
