STEAM IN ST. LUKE'S

D&T make it to the final of Dundee's civil engineering rejuvenation project

Congratulations to a group of S6 pupils who made it to the finals with their proposal for the civil engineering design competition part of Dundee's rejuvenation competition. Well done to Mrs Goldie in supporting the group of S6 girls with their proposal to design an attractive and functional theme park. The girls were awarded 'Best Design' for their theme park design idea. Well done to Mia, Rachel and Holly.

First ever S1 Digital Design Day

The faculty of Business, Technology and ICT hosted their first ever S1 Digital Design Day as part of our schools new challenge based IDL activities. Digital Design Day has, for many years, been part of the S2 IDL programme however, it was decided to move the event to S1 to challenge their creativity, innovation and problem solving skills. Congratulations to the winning group who will be visiting Glasgow Caledonian University in a few months to prototype their idea on a mobile device.

D&T visit the V&A museum in Dundee

This month the Design & Technology department took a group of S3, S5 and S6 pupils to the new Victoria and Albert museum in Dundee. The group of pupils took part in a product design workshop delivered by industry experts from jewellery and graphic design backgrounds.
