What is Wider Achievement?

Wider achievement recognises the life and work skills that are gained from taking part in activities outside of the classroom. These achievements can come from learning within the school, home and wider community and can cover a wide variety of activities ranging from hobbies, volunteering to recognised award programmes. This helps develop skills for learning, life and work and can be invaluable for our young people as they grow up.

How to recognise and support

To help support your child you may wish to encourage them to join some of the clubs available in school and tell their teachers about their achievements and activities. You may also wish to discuss the importance of their achievements and help them identify the skills that they have learned and used. Parents and carers can also inform the school of their child's achievements by:

Emailing Miss Smith (PT Wider Achievement) at schoolmail@st-lukes.e-renfrew.sch.uk

You can also tweet or DM on Twitter @SLHSWiderAch or @StLukesHigh

Film & Photography Club

Friday lunch time
RE 2

Available to S1-6

Over the last few years the St. Luke's Film club have met with the purpose of practising filming and editing skills while recording some of the significant events of our school and our local area. We've met with visiting directors, filmed weddings, graduations and school events, and even produced an epic Christmas celebration video. Many of these films can be viewed on the East Renfrewshire Youtube channel. This year, to further develop this club, we would like to add photography into the mix. It's a fantastic opportunity to develop an eye for a shot and skills for life and work in the future.
