

St. Mark's Primary – Parent Partnership

St. Luke's Cluster – 100 Club

Every year our cluster (St. Mark's, St. John's & St. Thomas') raise funds for our primary 7 residential trip. These funds are shared between the schools to reduce the cost of the trip. Although this year, due to Covid restrictions, things are likely to be slightly different, we would still like to encourage your participation in the event that restrictions are lifted at some point in the future.

So how does it work..... it £10 to join and you will be allocated a number and entered into a monthly draw.

The draw runs for 10 months (September to June). The winning number each month will receive 50% of the combined total raised (for example, if we raise a total of £800 then the monthly prize will be £40).

This is 1 of only 2 fundraising events we do for this trip so we really do appreciate your contribution.

If you would like to join the 100 club for a chance of winning during this school year please complete your payment via **Parent Pay**.

Many thanks for contributing and good luck!

St. Mark's Parent Council
