

St. Mark's Primary School

School Improvement Plan

Session 2021-2022

Leadership and Management

Publish and implement revised curriculum rationale.

Refine approaches to data analysis in order to carefully track the impact of interventions on both attainment and pupil wellbeing.

Develop moderation approaches to ensure consistency across school, cluster and local authority.

Launch 'Make Your Mark' achievement award.

Learning Provision

Embed and improve consistency of formative assessment through peer support, ongoing professional learning and enquiry-based approaches.

Raise attainment in reading by implementing a whole school approach to daily literacy learning and continuing to provide targeted support where necessary.

Build a reading culture through Scottish Book Trust Reading Schools accreditation framework.

Work collaboratively with St. Luke's staff to raise attainment in numeracy & mathematics and strengthen approaches to skills development.

Provide all learners with regular opportunities to participate in high quality outdoor learning experiences during the school day.

Successes and Achievements

Introduce wider range of staff wellbeing activities with focus on physical and mental health.

Promote inclusion and equality with a focus on the diversity of our school community. as part of our 60th anniversary celebrations.

Develop creativity and employability skills with a particular focus on STEAM subjects - in particular Science, Technologies and Engineering.

Continue in our Laudato Si' journey and our whole school approach to learning for sustainability, linked to the Glasgow COP 26 summit.

Relationships Rigour Relevance
