

# St. Mark's Primary

Empower all teaching staff to further develop skills of data analysis in conjunction with collaborative action research projects

**Leadership and Management**

Work with cross authority senior leadership group on curriculum evaluation and design

## **School Improvement Plan 2023-2024**

Continue to prioritise STEM teaching and learning

**Successes and Achievements**

Launch 'Values into Action' programme and embed 'Make Your Mark' achievement award

Use assessment data to deliver specific improvements in numeracy and mathematics

Improve the provision of physical education and sports development and achievements across our school

**Learning Provision**

Embed progressive approaches to learning, teaching and assessment of writing to raise attainment in literacy

Clarify purpose and expectations of home learning to support improvements in literacy and numeracy

Continue to use Pupil Equity Funding to support targeted literacy and numeracy interventions to narrow the poverty related attainment gap
